NIPPON STEEL CORPORATION

Notice of the 99th General Meeting of Shareholders

Nippon Steel Corporation 6-1, Marunouchi 2-chome, Chiyoda-ku, Tokyo 100-8071 June 2, 2023

Dear Shareholders:

Eiji Hashimoto Representative Director and President NIPPON STEEL CORPORATION (Code Number 5401) (the "Company") 6-1, Marunouchi 2-chome, Chiyoda-ku, Tokyo, Japan

Notice of the 99th General Meeting of Shareholders

We are pleased to inform you of the 99th General Meeting of Shareholders which will be held at 10 a.m., Friday, June 23, 2023, at the banquet room TSURU (Banquet Floor (1st Floor), the Main Building), Hotel New Otani Tokyo, 4-1, Kioi-cho, Chiyoda-ku, Tokyo, Japan, the agenda of which is set forth below.

In convening the General Meeting of Shareholders, the information that constitutes the content of the Reference Documents for Exercising Voting Rights, etc. (matters to be provided in electronic format) is provided in electronic format, and is posted on the Company's website.

The Company's website: https://www.nipponsteel.com/en/ir/individual/meeting.html

In addition to the Company's website above, the matters to be provided in electronic format are also available on the websites of the Tokyo Stock Exchange (TSE), the Nagoya Stock Exchange (NSE), the Fukuoka Stock Exchange (FSE), and the Sapporo Securities Exchange (SSE).

TSE (Listed Company Search): https://www2.jpx.co.jp/tseHpFront/JJK020010Action.do?Show=Show NSE (Listed Company Search): https://www.nse.or.jp/listing/search/ (in Japanese) FSE (Listings Directory): https://www.fse.or.jp/english/listed/search.php SSE (List of Listed Companies): https://www.sse.or.jp/listing/list (in Japanese)

(How to access the information) For the TSE, NSE, and FSE websites:

- Enter either Nippon Steel's security code (5401) or company name (Nippon Steel Corporation).
- To see the matters to be provided in electronic format on the TSE website, when the Nippon Steel name is displayed, select "Basic information" and then "Documents for public inspection/PR information." On the NSE website, when the Nippon Steel name is displayed, select "Timely Disclosure Information." On the FSE website, select "Detailed information."
- For the SSE website: Look for NIPPON STEEL in the "Steel" category to view the matters to be provided in electronic format.

Although measures to prevent the spread of COVID-19 will be implemented for the General Meeting of Shareholders, depending on factors such as the state of the spread of COVID-19, we may change the venue and other details of this General Meeting of Shareholders in view of ensuring the health and safety of shareholders. Please check the information posted on the Company's website mentioned above in advance.

If you wish to exercise your voting rights in advance instead of attending the General Meeting of Shareholders in person, please review the "Reference Documents for Exercising Voting Rights" and exercise your voting rights using one of the following methods.

(Voting by mail)

Please indicate your choices on the enclosed Voting Rights Exercise Form and return it so that it will arrive at the Company by 5 p.m., Thursday, June 22, 2023 (Tokyo time). If no choice is indicated for a proposal, it will be assumed that you indicate "approval" for the proposal.

(Voting via the Internet)

Please read the "Exercise of Voting Rights via the Internet" on page 19 and cast your vote by 5 p.m., Thursday, June 22, 2023 (Tokyo time). If you exercise your voting rights multiple times via the Internet, the last vote will be treated as the vote of record. Meanwhile, institutional investors can use the Internet voting rights exercise platform operated by ICJ, Inc.

When votes are registered by both methods, the vote registered via the Internet will be treated as the vote of record.

AGENDA

Matters to be reported to the shareholders:

Report on operations for the 98th term (from April 1, 2022 to March 31, 2023), consolidated financial statements and non-consolidated financial statements, and reports of accounting auditors and the Audit & Supervisory Committee on consolidated financial statements for the 98th term.

Matters for approval by the shareholders:

- Item 1: Appropriation of Surplus for the 98th Term (from April 1, 2022 to March 31, 2023)
- Item 2: Partial Amendments to the Articles of Incorporation
- Item 3: Election of Ten (10) Directors (Excluding Directors who are Audit & Supervisory Committee Members)
- 1. Doors will open at 9 a.m.
- 2. Attendees are requested to submit the enclosed Voting Rights Exercise Form at the reception desk upon arrival at the meeting. When the voting rights are exercised by a proxy, the said proxy is requested to submit the Voting Rights Exercise Form of the principal at the reception desk, together with a power of attorney in this matter. Meanwhile, please note that a proxy must be another shareholder entitled to exercise voting rights.
- 3. If revisions are made to the matters to be provided in electronic format, the revisions will be indicated on the websites of the Company, the TSE, the NSE, the FSE, and the SSE indicated above.

Reference Documents for Exercising Voting Rights

Item 1 Appropriation of Surplus for the 98th Term (from April 1, 2022 to March 31, 2023)

The Board of Directors proposes that the term-end dividend for the 98th term will be paid according to the "Surplus Distribution Policy" described on page 37 as follows:

- (1) Kind of Dividend Cash
- (2) Dividend Payment and Total Payment90 yen per share Total payment: 82,973,455,380 yen
- (3) Effective Date of Dividend Monday, June 26, 2023

(Reference)

For more information on dividends per share and dividend payout ratio on a consolidated basis for the 98th Term as well as those trends, see page 29.

Item 2 Partial Amendments to the Articles of Incorporation

(1) Reasons for the proposal

The Company made NIPPON STEEL TRADING CORPORATION its consolidated subsidiary as of April 14, 2023. Accordingly, the Company proposes to make necessary amendments to its business objects stipulated in Article 2 of the Articles of Incorporation, taking account of the business objects of NIPPON STEEL TRADING CORPORATION.

(2) Details of amendments

The current Articles of Incorporation and proposed amendments are compared as follows. Proposed amendments are indicated with underlines.

			tandpoint in such opportunities as	
			e Board of Directors, based on her deep	
			pple experience.	

(Notes) 1) Ms. Kuniko Urano currently serves as an Outside Director of the Company, and will have served as an Outside Director of the Company for one (1) year as of the conclusion of this General Meeting of Shareholders.

2) The Company has already filed Ms. Kuniko Urano as an "independent director" with each financial exchange in Japan where it is listed.

3) Ms. Urano is currently a non-executive officer of Komatsu Ltd., which has a business relationship with the Company for transactions of steel and other products/services. Since the amount of transactions with the said company account for less than 1% of the consolidated revenue of the Company, the said company is not a specified associated service provider of the Company.

(Liability Limitation Agreements)

The Company has concluded an agreement with Mr. Tetsuro Tomita and Ms. Kuniko Urano limiting their liability under Article 423, Paragraph 1 of the Companies Act to 20 million yen or the amount stipulated under Article 425, Paragraph 1 of the Companies Act, whichever is greater, as long as they act unknowingly and is not grossly negligent in performing their duties. Upon approval of Item 3 as proposed herein, the agreements will continue to be in effect.

(Indemnity Agreements)

The Company has concluded an agreement with each of Mr. Kosei Shindo, Mr. Eiji Hashimoto, Mr. Naoki Sato, Mr. Takahiro Mori, Mr. Takashi Hirose, Mr. Tadashi Imai, Mr. Tetsuro Tomita and Ms. Kuniko Urano that the Company indemnifies each of them for the costs stipulated in Article 430-2, Paragraph 1, Item (i) of the Companies Act and the losses stipulated in Item (ii) of the same Paragraph to the extent stipulated by laws and regulations. Upon approval of Item 3 as proposed herein, the agreements will continue to be in effect with each individual.

Upon approval of Item 3 as proposed herein, the Company intends to conclude an agreement with the same terms and conditions as those of the above with each of Mr. Kazuhisa Fukuda and Mr. Hirofumi Funakoshi.

(Directors and Officers Liability Insurance Contract)

The Company has concluded a directors and officers liability insurance contract with the insurance company with persons including directors, audit & supervisory board members, executive officers, and important employees, of the Company, its subsidiaries, and other related entities as the insured. Under the contract, the insurance company will cover, among others, legal compensation for damages and litigation costs to be incurred by the insured as a result of claims for damages arising from acts (including inaction) of the insured pursuant to their positions. Upon approval of Item 3 as proposed herein and assumption of office as Director of the Company (excluding Directors who are Audit & Supervisory Committee Members), the candidates will be insured under the insurance.

The Company plans to renew the insurance contracts with the same details for the duration of the candidates' term of office.

[Opinion of the Audit & Supervisory Committee]

The Audit & Supervisory Committee examined the election of Directors (excluding Directors who are Audit & Supervisory Committee Members) in accordance with the Audit & Supervisory Committee Auditing Standards in consideration of developments including the outline of discussions by the Nomination and Compensation Advisory Committee.

As a result, the Committee concluded that there is nothing in particular to be pointed out regarding the election of Directors (excluding Directors who are Audit & Supervisory Committee Members).

(For reference) Composition of the Board of Directors and Skills Matrix of Directors

If Item 3 is approved as proposed herein, the Directors of the Company after this Ordinary General Meeting of Shareholders will be as indicated in the table below. Outside Directors will account for more than one-third (5 out of 15) of all members of the Company's Board of Directors.

The Company believes that its Board of Directors, as a whole, must have the necessary skills and experience based on the Company's Group corporate philosophy and medium- to long-term management plan, etc. The main skills and experience possessed by each candidate for Director are as shown in the table below.

					-		Skill / Ex	perience	e			-
Name			Position (Planned)		Finance / Accounting, Monetary / Economy	Personnel / Labor affairs / HR Development	Governance / Risk Management / Legal / Compliance	Technology / R&D	Sales / Purchasing / Marketing	Global	Environment / Sustainability	Public Administration / Public Policy

(Notes) 1. New: New candidate Outside: Outside Director Independent: Independent Director 2. The check mark indicates the main skills and experience (up to four in principle) possessed by each Director candidate, based on their career history and experience.

Exercise of Voting Rights via the Internet

In exercising your voting rights via the Internet, please review and confirm following instructions before exercising your voting rights.

Deadline for exercising voting rights via the Internet: 5 p.m., Thursday, June 22, 2023 (JST)

Please access the following website and enter your "voting right exercise code" and "password" indicated in the Voting Rights Exercise Form. Please follow the instructions that appear on the display and indicate whether you are for or against each Item.

Internet Voting Website: (<u>https://www.web54.net</u>)

• Treatment of votes

If you exercise your voting rights both by mail and via the Internet, the vote exercised via the Internet will be treated as the vote of record. If you exercise your voting rights multiple times via the Internet, the last vote will be treated as the vote of record.

• Inquiries about the operation of personal computers and other issues

For inquiries on how to exercise your voting rights via the Internet, please call:

0120-652-031 (toll free within Japan) (9 a.m. ~ 9 p.m.)

This is a dedicated line for website support provided by the transfer agent, Sumitomo Mitsui Trust Bank, Limited.

Business Report 98th Term: From April 1, 2022 to March 31, 2023

1. Current Situations of the NIPPON STEEL Group

(1) Progress and Results of Business Operations and Tasks Ahead

General Review

In fiscal year 2022, the global economy remained firm overall, despite downward pressure from factors such as progressive inflation stemming from the situation in Ukraine and the effects of monetary tightening in Europe and the United States. The Japanese economy recovered moderately, but inflation progressed significantly due to the impact of the depreciation of the yen and other factors.

In the first half of the fiscal year, the recovery in steel demand was delayed, as it took time to normalize the supply chain in China after the lockdown was lifted, and inflation progressed in the United States and Europe, while economic conditions deteriorated in emerging countries due to the depreciation of currencies. These were among the factors which led to a rapid slowdown in the steel market. In the second half, although the Chinese economy was on a recovery track due to the end of its Zero-COVID policy, global demand for steel products was sluggish mainly due to the economic recession in the United States caused by its interest rate policy and continued economic deterioration in Europe and emerging countries. Under these circumstances, global crude steel production continued to decline over an unprecedented period of time and on a broader scale, while non-consolidated crude steel production of Nippon Steel ("the Company") significantly decreased from 49.00 million tons level, the highest since its business integration in 2012, to 34.25 million tons in fiscal year 2022.

In this business environment, the Nippon Steel Group ("the Group") implemented various measures aimed at achieving the four pillars of its medium- to long-term management plan (formulated in March 2021): "Rebuilding the domestic steel business and strengthening the Group's management"; "Promoting a global strategy to deepen and expand the overseas business"; "Taking on the challenge of carbon neutrality"; and "Promoting digital transformation strategies".

Business Segment Review

The NIPPON STEEL Group's business segments strived to respond to their changing business environments and have applied their utmost management effort.

Steelmaking and Steel Fabrication

Although the business environment remained extremely harsh, the Steelmaking and Steel Fabrication segment strived to maximize profits by continuing to implement measures such as enhancing the fundamental profit structure, and also established a foundation that will enable the segment to stably record high-level profits compared to major steelmakers in East Asia. As a result, the segment recorded revenue of ¥7,245.5 billion and a business profit of ¥861.4 billion.

Specifically, the following efforts were made during fiscal year 2022.

With the aim of steadily implementing the production facility structural measures and establishing a more robust earnings base, regardless of the short-term improvement in the environment, the Company shut down facilities including parts of the No. 3 continuous casting machine in the Kansai Works Wakayama Area, the No. 1 hot-dip galvanizing and aluminizing line of the Setouchi Works Hanshin Area (Sakai), and the No. 1 pickling line of the East Nippon Works Kashima Area. Production was thereby consolidated into competitive lines. In addition, while non-consolidated crude steel production decreased by 30% from the peak after the business integration in 2012, we have worked to build a profit structure that does not rely on volume by improving marginal profit per ton of steel and drastically reducing fixed costs to fundamentally improve the break-even point. Specifically, we achieved "sophistication of the order mix" by selecting and discarding products to accommodate reduced production capacity, and implemented measures to increase production capacity for high value-added products such as electrical steel sheets and ultra-high-tensile steel sheets in response to their growing demand. Moreover, we have also changed the price negotiation system for direct contract-based sales and have realized "margin improvement in direct contract sales." At the same time, the raw materials business continued to generate high profits, as it was supported by a favorable sales environment stemming from continuously high raw material prices and the depreciation of the Australian dollar against U.S. dollar. In addition, we also decided to make Nippon Steel Trading Corporation, which had been an equity method affiliate, a subsidiary and delist it from the stock market, and to expand our business domain to the distribution field, which is downstream of the steel manufacturing supply chain. Going forward, we intend to build a new business model by improving and strengthening the efficiency of the Group's trading functions, strengthening our direct sales capabilities through the integrated use of our sales know-how and infrastructure, and further enhancing our supply chain.

Overseas, the Steelmaking and Steel Fabrication segment completed the withdrawal from unprofitable businesses, focused on the integrated steelmaking business with high added value, and made progress in selectively concentrating overseas business operations, with the aim of improving and expanding profitability. Specifically, at ArcelorMittal Nippon Steel India Limited in India, we have implemented aggressive measures such as the decision of investment to increase integrated capacity, including the construction of two blast furnaces, and to acquire infrastructure companies and key assets such as ports and electric power, the acquisition of downstream facilities, and the commencement of studies for the construction of a new integrated steelworks. Although profits decreased compared to the previous fiscal year mainly due to one-off effects, including inventory valuation, we will continue to aim to improve profitability through expanding our integrated production system in major overseas markets.

With regard to our efforts to achieve carbon neutrality, we have implemented various measures to realize the Nippon Steel Carbon Neutral Vision 2050 (announced in March 2021). We also announced our commitment to realizing a carbon neutral society and improving the competitiveness of customers, and launched new brands: NSCarbolexTM Solution, a high-performance product and solution technology that contributes to reducing CO₂ emissions in society; and NSCarbolexTM Neutral, a steel product that is certified to reduce CO₂ emissions in the steelmaking process, as the two values we provide through carbon neutralization. We decided on the procurement of funds through the issuance of a green bond to improve the production capacity and product quality of non-oriented electrical steel sheets, which contribute to higher energy efficiency in eco-friendly car motors and other products. The green bond was then issued in March 2023. By expanding the supply of highefficiency electrical steel sheets that reduce electrical energy loss, we will contribute to the reduction of CO₂ emissions in our customers' final products. Meanwhile, in order to decarbonize our steelmaking processes, we are taking a multi-track approach: we are developing three breakthrough technologies (hydrogen injection into blast furnace, high-grade steel production in large-sized electric arc furnaces, and 100% hydrogen use in the direct reduction process) and plan to offset some remaining CO₂ emissions with CCUS*. Our target is to reduce total CO₂ emissions by 30% by 2030 and achieve carbon neutrality by 2050. As for hydrogen injection into blast furnace, we announced in February 2023 the start of the world's first demonstration experiment using an actual large-scale 4,500 m³ blast furnace. In preparation for a full-scale blowing test (Green Innovation Fund Project). we will proceed with the introduction of hydrogen gas blowing demonstration facilities in the East Nippon Works Kimitsu Area. The Company's climate change risk information based on its CO₂ emission reduction targets and the framework of the Task Force on Climate-related Financial Disclosures (TCFD) are disclosed in the Sustainability Report 2022 (pages 19-20, 33). https://www.nipponsteel.com/en/csr/report/

* Carbon Capture, Utilization and Storage (CCUS) is a technology that separates and captures CO2, and uses it either directly or by being converted into other materials, or stores it in the ground.

In the DX strategy, the Company has promoted business and production process reforms that make full use of data and digital technology. As a specific initiative, by expanding the application of NS-IoT, a wireless IoT sensor utilization platform, we aim to consolidate data from multiple sites and realize even more advanced analysis and monitoring. In the Kimitsu and Kashima Areas of the East Nippon Works, actual operations for the purpose of early abnormality detection of equipment began in April 2022, and in order to further expand the application, we decided to advance the investment plan to start operations in the North Nippon Works Muroran Area, Nagoya Works, Kansai Works Wakayama Area, and the Yawata and Oita Areas of the Kyushu Works in fiscal year 2023.

• Engineering and Construction

Nippon Steel Engineering Co., Ltd. is working to contribute to a carbon-neutral society and expand businesses related to building resilient cities against disasters. The Environment and Energy sector recorded robust sales in the construction of offshore wind power plants and the construction and operation of waste-toenergy facilities, while the Urban Infrastructure sector also recorded robust sales, such as in seismic isolation devices and bridge products, and the construction of large-scale logistics facilities. As a result, sales and profit increased year-on-year. Nippon Steel Engineering will continue to work on business expansion while closely monitoring changes in the business environment, including the recent surge in labor costs and material prices. For fiscal year 2022 the Engineering and Construction segment recorded revenue of ¥352.2 billion and business profit of ¥11.6 billion.

Chemicals and Materials

Nippon Steel Chemical & Material Co., Ltd. posted a year-on-year decline in earnings due to a rise in raw material and fuel prices and a decline in demand for semiconductors and other products from the middle of the year. In the Coal Chemical business, sales of carbon black for tires were strong, but demand for needle coke used in graphite electrodes remained sluggish. In the Chemicals business, the benzene market remained generally stable, but earnings deteriorated due to sluggish demand for styrene monomer and bisphenol A while progress was made to construct new production facilities in China. In the Function Materials business, sales volume decreased due to a rapid decline in demand for semiconductor-related materials and display-related materials. In the Composite Materials business, while demand for infrastructure upgrades is expected to continue, sales volume of reinforcement materials for mainstay civil engineering and construction decreased due to delays in construction starts. On the other hand, sales of carbon fiber remained strong, mainly in the sports field. The overall Chemicals and Materials segment recorded revenue of ¥274.5 billion and business profit of ¥16.1 billion.

System Solutions

NS Solutions Corporation has been making corporate-wide efforts to maximize DX needs and expand its business, while deepening relationships with customers, with a view to the full-scale DX deployment of Japanese companies. In the digital manufacturing area, which is one of the key areas of focus, NS-IoT (a platform using wireless IoT sensors) and NS-Lib (an integrated data platform) have been established to promote DX for the Company. NS Solutions has also worked to promote DX in the manufacturing industry such as by establishing an integrated data utilization platform jointly with a pharmaceutical company. Efforts have also been made to strengthen the company's ability to respond to DX needs by developing new solutions for the electric power, financial, and food industries, in addition to entering into capital and business alliances and strategic partnership agreements with companies that have respective strengths in the AI field, support for digitalization of business processes, the data utilization field, abundant DX human resources, and other fields. The System Solutions segment recorded revenue of ¥292.5 billion and business profit of ¥32.1 billion.

Revenue and Profit

For fiscal year 2022, although the business environment remained extremely harsh, the Company strived to maximize profit by continuing to implement measures such as to fundamentally improve profit structure. As a result, the Company recorded consolidated revenue of \$7,975.5 billion, business profit of \$916.4 billion, and profit attributable to owners of the parent of \$694.0 billion.

An overview of the revenue and business profit of each business segment in fiscal year 2022 is as follows:

(D.11)

c

					(Billions of yen)
	Steelmaking and steel fabrication	Engineering and construction	Chemicals and materials	System solutions	Adjustments	Consolidated total
Revenue	7,245.5	352.2	274.5	292.5	(189.2)	7,975.5
Business profit	861.4	11.6	16.1	32.1	(4.9)	916.4

Revenue and Business Profit by Business Segment

Non-consolidated financial result for fiscal year 2022 was net sales of ¥4,973.5 billion, operating profit of ¥318.3 billion, ordinary profit of ¥527.1 billion and profit of ¥503.6 billion.

Assets, Liabilities, and Equity

Consolidated total assets as of March 31, 2023 were \$9,567.0 billion, an increase of \$814.7 billion from \$8,752.3 billion as of March 31, 2022. The main factors were an increase in cash and cash equivalents (\$119.3 billion), an increase in inventories (\$329.3 billion), an increase in property, plant and equipment (\$130.9 billion), and an increase in investments accounted for using the equity method (\$131.4 billion).

Consolidated total equity as of March 31, 2023 was ¥4,646.4 billion, an increase of ¥749.4 billion from ¥3,897.0 billion as of March 31, 2022. This was primarily contributed by an increase from profit attributable

to owners of the parent of \$694.0 billion, a decrease in dividend payment (\$165.9 billion), and an increase in the foreign exchange differences on translation of foreign operations (\$93.9 billion). As a result, total equity attributable to owners of the parent as of March 31, 2023 amounted to \$4,181.1 billion, and the ratio of interestbearing debt to total equity attributable to owners of the parent (D/E ratio) was 0.65 times (0.51 times after adjusting for equity credit attributes of subordinated loans and subordinated bonds).

Dividends

The Company's basic profit distribution policy is to pay dividends from distributable funds at the end of the first half (interim) and second half (year-end) of the fiscal year, in consideration of the consolidated operating results and such factors as capital requirements for investment and other activities aimed at raising corporate value and performance prospects, while also considering the financial structure of the Company on a consolidated and a non-consolidated basis. The Company aims to achieve a consolidated annual payout ratio target of approximately 30% as benchmark for the "payment of dividends from distributable funds in consideration of the consolidated operating results." The level of the first half dividend is determined in consideration of the first-half performance results and forecasts for the full fiscal year.

In accordance with the basic profit distribution policy described above, NIPPON STEEL paid a dividend of ¥90 per share at the end of the first half. Regarding the fiscal year-end dividend, as disclosed at the third quarter results announcement (February 9, 2023), management has decided to pay a year-end dividend of ¥90 per share (the annual dividend will be a record-high at ¥180 per share).

Tasks Ahead

Outlook for Operations in Fiscal Year 2023

The current situation concerning global steel demand is unlikely to recover. In China, the real estate market remains sluggish and a recovery in domestic demand is unforeseeable. In Europe and the United States uncertainty over the outlook has not been ruled out. In addition, despite sluggish product prices, raw material prices are expected to remain at a high level, and the spread (price difference between raw materials and steel products) in the overseas general spot market cannot be expected to improve.

In response to this situation, in addition to continuing to implement our existing profit structure measures, we will evolve to a further vertically-integrated business structure to achieve our future vision of \$1 trillion in business profit, and aim to build a foundation that enables us to record even higher profits regardless of the external environment. For fiscal year 2023, underlying business profit is expected to exceed the record high in fiscal year 2022 and reach \$800 billion or more. However, approximate consolidated business profit of \$650 billion and profit attributable to owners of the parent of \$370 billion are forecasts due to expected significant inventory valuation losses mainly in the first half of fiscal year 2023, largely following a surge in raw material prices in fiscal year 2022, as well as significant losses on reorganization associated with structural measures. For fiscal year 2023, the Company plans to distribute a full-year dividend of \$140 or more per share (including an interim dividend of \$70 or more).

With the aim of becoming "the best steelmaker with world-leading capabilities," the Company is committed to steadily implementing various measures aimed at achieving the four pillars of its medium- to long-term management plan: "Rebuilding the domestic steel business and strengthening the Group's management"; "Promoting a global strategy to deepen and expand the overseas business"; "Taking on the challenge of carbon neutrality" and "Promoting digital transformation strategies."

NIPPON STEEL wishes to take this opportunity to ask its shareholders for their understanding of the aforementioned circumstances and for their continued support.

(For reference) Progress of NIPPON STEEL Group's Medium-to Long-term Management Plan

Below is an explanation of the current status of implementation of the NIPPON STEEL Group's Medium- to Long-term Management Plan formulated in March 2021.

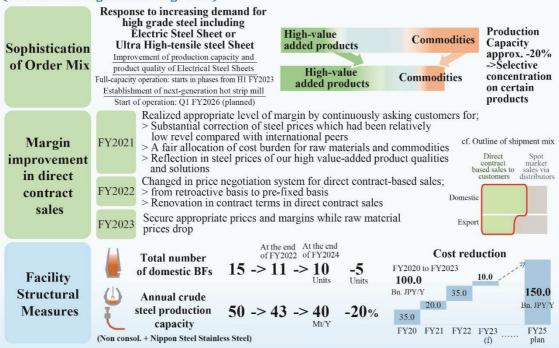

Four pillars of the management plan

- 1. Rebuilding our domestic steel business and strengthening our group's management
- 2. Promoting a global strategy to deepen and expand our overseas business
- 3. Taking on the challenge of carbon neutrality
- 4. Promoting digital transformation strategies

1. Rebuilding our domestic steel business

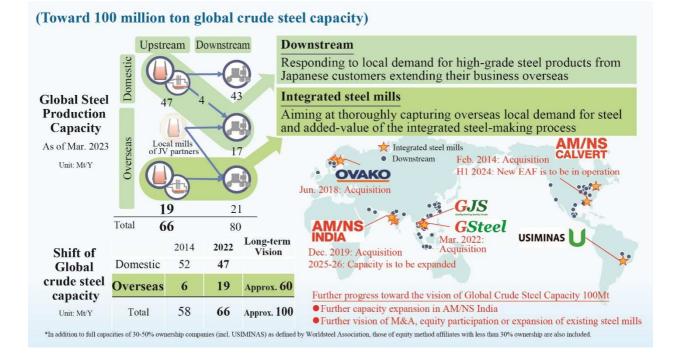

The Group's basic policies are "to realize a higher-level order mix through aggressive investment in strategic products," "to renew and improve facilities to ensure technological strength leading to profit generation," and "to make the production framework streamlined and more efficient by selective concentration on certain products and facilities." Based on these overall basic policies, we are striving to build an optimal production framework for our domestic steel business, strengthen our earnings base by re-establishing cost competitiveness, which will overwhelm our competitors, and securing appropriate margins.

(Efforts to strengthen earnings base)

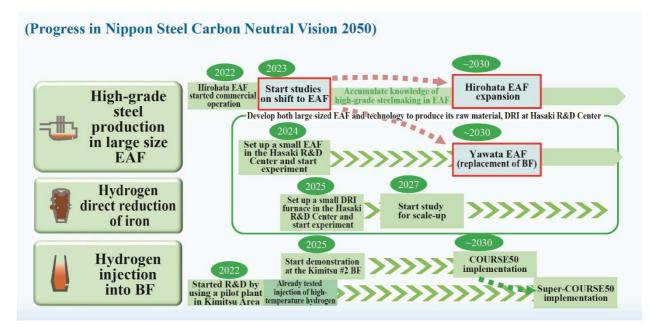

2. Deepening and expansion of overseas business

NIPPON STEEL will move away from our traditional business of exporting steel products, mainly high-grade steel, and supplying them through overseas companies in charge of producing predominantly cold-rolled and plating products. We will move toward 100 million ton global crude steel capacity through expanding integrated production framework in areas with demand and firmly capturing local demands in "districts and areas where demand is promisingly expected to grow" and in "sectors in which our technologies and products are appreciated."

3. Taking on the challenge of carbon neutrality

Adopting "Nippon Steel Carbon Neutral Vision 2050," as our own new initiative against climate change, a critical issue affecting human beings, NIPPON STEEL will strive to achieve carbon neutrality by 2050 as our top priority management issue.

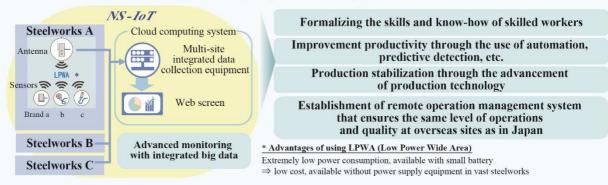

4. Promoting digital transformation strategies

Over the five years, we will invest ¥100 billion or more into our digital transformation strategy, with the aim of becoming a digitally advanced company in the steel industry.

(Expansion of the application of "NS-IoT")

Expansion of wireless IoT Sensor-utilization platform NS-IoT for advanced multi-site data analytics and monitoring

Completed practical implementation in April 2022 at East Nippon Works Kimitsu Area and Kashima Area, aiming to realize prompt detection of equipment malfunction

(2) Capital Procurement

Date of issue	Title	Total issued amount
March 9, 2023	7th Unsecured Straight Bonds (green bond)	30.0 billion yen
March 9, 2023	8th Unsecured Straight Bonds (green bond)	20.0 billion yen

(3) Plant and Equipment Investments

Classification	Title
Major plant and equipment completed during fiscal year 2022	Relining of No. 3 coke oven, including fixtures and fittings (Nagoya Works, NIPPON STEEL) Relining of No. 3 blast furnace (Nagoya Works, NIPPON STEEL)
Major ongoing plant and equipment investment during fiscal year 2022	Relining of No. 3 coke oven, including fixtures and fittings (Kimitsu, East Nippon Works, NIPPON STEEL) Establishment of next-generation hot-strip mill (Nagoya Works, NIPPON STEEL) Relining of No. 2 coke oven, including fixtures and fittings (Oita, Kyushu Works, NIPPON STEEL)

(Note) No. 3 coke oven of Nagoya Works has begun its operation in fiscal year 2021.

(4) Transfer of Business

There were no significant transfer of business during the current fiscal year.

(5) Changes in Assets and Profits/Losses

Fiscal Term Classification	95th Term	96th Term	97th Term	98th Term (fiscal year 2022)
Crude steel production (million tons)	47.05	37.65	44.46	40.32
Revenue (billions of yen) (Overseas revenue shown in brackets)	5,921.5 [2,066.0]	4,829.2 [1,611.1]	6,808.8 [2,707.0]	7,975.5 [3,239.8]
Business profit (billions of yen)	(284.4)	110.0	938.1	916.4
Profit for the year attributable to owners of the parent (billions of yen)	(431.5)	(32.4)	637.3	694.0
Total assets (billions of yen)	7,444.9	7,573.9	8,752.3	9,567.0
Total equity attributable to owners of the parent (billions of yen)	2,641.6	2,759.9	3,466.7	4,181.1
Basic earnings per share	(468.74) yen	(35.22) yen	692.16 yen	753.66 yen
Total equity attributable to owners of the parent per share	2,869.19	2,997.53	3,764.69	4,540.59
	yen	yen	yen	Yen
Dividends per share	10.00 yen	10.00 yen	160.00 yen	*180 yen
(Interim dividends shown in brackets)	[10.00 yen]	[-]	[70.00 yen]	[90.00 yen]
Ratio of cash dividends to consolidated profit (%)	-	-	23.1	*23.9

(Notes)

- (1) The consolidated financial statements of NIPPON STEEL are prepared in accordance with the International Financial Reporting Standards ("IFRS"), pursuant to the provisions of Article 120, Paragraph 1 of the Rules of Corporate Accounting.
- (2) The figures for crude steel production include production amounts of consolidated subsidiaries, in addition to NIPPON STEEL's production.
- (3) Business profit on consolidated statements of profit or loss indicates the results of sustainable business activities, and is an important measure to compare and evaluate the Company's consolidated performance continuously. It is defined as being deducted cost of sales, selling general and administrative expenses and other operating expenses from revenue, and added share of profit in investments accounted for using the equity method and other operating income. Other operating income and expenses are composed mainly of dividend income, foreign exchange gains or losses, and losses on disposal of fixed assets.
- (4) The figures with an asterisk (*) are values on the assumption that the proposal on the year-end dividend payment is approved as originally proposed at the 99th General Meeting of Shareholders.

(6) Major Business Operations (as of March 31, 2023)

Business Segment	Main Products			
Steelmaking and Steel Fabrication		Bars and shapes	Billets, rails, sheet piles, H-beams, other shapes bars, bars, bars-in-coils, wire rods, special wire rods	
		Flat-rolled products	Heavy plates, medium plates, hot-rolled sheets, cold-rolled sheets, tinplates, tin-free steel, hot-dipped galvanized sheets, other metallic coated sheets, pre-coated sheets, cold-rolled electrical sheets	
		Pipe and tubes	Seamless, butt-welded, electric resistance- welded, electric-arc welded, cold-drawn, coated pipes and tubes, coated steel pipes	
	Steel Products	Railway/automotive/machinery parts	Parts for railway vehicles, die-forged products, forged aluminum wheels, retarders, ring-rolled products, forged steel products	
		Specialty steel	Stainless steel, machine structural carbon steel, structural alloy steel, spring steel, bearing steel, heat-resistant steel, free- cutting steel, piano wire rods, high tensile strength steel	
		Secondary steel products	Steel and synthetic segments, NS-BOX, metro deck, PANZERMAST, vibration- damping sheets and plates, structural steel sheet members, columns, welding materials, drums, bolts/nuts/washers, wire products, OCTG accessories, building and civil engineering materials	
	Pig iron, s	steel ingots and others	Steelmaking pig iron, foundry pig iron, steel ingots, iron and steel slag products, cement, foundry coke	
	Businesses incidental to Steelmaking and Steel Fabrication		Design/maintenance/installation of machines/electrical equipment/measurement apparatuses, marine transport, port/harbor transport, land transport, loading/unloading, warehousing, packaging, material testing/analysis, measurement of working environments, surveys on technical information, operation and management of facilities, security services, services related to payment of raw materials, iron-and steelmaking plant construction engineering, operating assistance, steelmaking know- how provision, rolls	
	Others		Rolled titanium products, power supply, real estate, services and others	
Engineering and Construction	resources recycling and environment restoration solutions, environmental plants,			

Business Segment	Main Products
Chemicals and Materials	Pitch coke, pitch, naphthalene, phthalic anhydride, carbon black, styrene monomer, bisphenol A, styrene resin, epoxy resin, adhesive-free copper-clad laminated sheet for flexible printed circuit boards, liquid crystal display materials, organic EL materials, UV/thermosetting resins, rolled metallic foils, semiconductor bonding wire and microballs, fillers for semiconductor encapsulation materials, carbon-fiber composite products, metal catalyst carriers for cleaning automotive emissions, porous carbon materials
System Solutions	Computer systems engineering and consulting, outsourcing and other services using IT

(7) Major Plants, Research Laboratories, Head Office, Office, Marketing Branches and Overseas Offices (as of March 31, 2023)

Plants	North Nippon Works (Muroran, Kamaishi), East Nippon Works (Kashima / Kimitsu / Kamaishi / Joetsu), Nagoya Works (Tokai), Kansai Works (Wakayama / Kainan / Sakai / Osaka / Amagasaki), Setouchi Works (Himeji / Kure / Sakai / Saijo / Osaka / Amagasaki), Kyushu Works (Kitakyushu / Oita / Hikari)
Research Laboratories	Steel Research Laboratories, Advanced Technology Research Laboratories, Process Research Laboratory (Located in Futtsu, Amagasaki, Kamisu) R&D laboratories (Located within Steelworks of North Nippon, East Nippon, Nagoya, Kansai, Setouchi, Kyushu)
Head Office, Office and Marketing Branches	Head Office (Chiyoda-ku, Tokyo) Osaka Office (Osaka) Hokkaido Marketing Branch (Sapporo), Tohoku Marketing Branch (Sendai), Niigata Marketing Branch (Niigata), Nagoya Marketing Branch (Nagoya), Chugoku Marketing Branch (Hiroshima), Kyushu Marketing Branch (Fukuoka)
Overseas Offices	NIPPON STEEL Beijing Representative Office (China), NIPPON STEEL Shanghai Representative Office (China), NIPPON STEEL Guangzhou Representative Office (China), NIPPON STEEL Dubai Office (UAE), NIPPON STEEL NORTH AMERICA, INC. (USA), NIPPON STEEL AMÉRICA DO SUL LTDA. (Brazil), NIPPON STEEL EUROPE GmbH (Germany), NIPPON STEEL AUSTRALIA PTY. LIMITED (Australia), NIPPON STEEL CONSULTING (BEIJING) CO., LTD. (China), PT. NIPPON STEEL INDONESIA (Indonesia), NIPPON STEEL VIETNAM COMPANY LIMITED (Vietnam) NIPPON STEEL SOUTHEAST ASIA CO., LTD. (Thailand), NIPPON INDIA PRIVATE LIMITED (India)

(Notes)

Overseas Offices include local subsidiaries.
 See "(9) Principal Subsidiaries and Affiliates" for a listing of major subsidiaries and their locations.

(8) Employment Data (as of March 31, 2023)

1) NIPPON STEEL Group

Business Segment	Number of employees
Steelmaking and Steel Fabrication	90,216 [14,126]
Engineering and Construction	4,923 [1,113]
Chemicals and Materials	3,414 [626]
System Solutions	7,515 [57]
Total	106,068 [15,922]

(Notes)

(1) Number of employees represents the number of employees engaged in each business at NIPPON STEEL and its subsidiaries.

(2) Temporary workers are not included. Numbers of temporary workers (average number of temporary workers employed during fiscal year 2022) are shown in brackets.

2) NIPPON STEEL

Number of employees	Average age	Average number of years employed
28,331 [1,791] employees	39.3 years old	17.2 years

(Note)

Temporary workers are not included. Number of temporary workers (average number of temporary workers employed during fiscal year 2022) is shown in brackets.

(9) Principal Subsidiaries and Affiliates (as of March 31, 2023)

Steelmaking and Steel Fabrication

-			
Company	Paid-in	Sharehol	
(Location of head office)	capital	ding Ratio	Business content
[Subsidiaries]	Million	%	
	yen		
Sanyo Special Steel Co., Ltd. (Himeji)	53,800	*53.1	Makes and markets special steel products

Mizuho Bank, Ltd.	327.4	
Sumitomo Mitsui Trust Bank, Limited	120.2	
Development Bank of Japan Inc.	100.1	

(11) Surplus Distribution Policy

1) Dividends

NIPPON STEEL's basic profit distribution policy is to pay dividends from distributable funds at the end of the first half (interim) and second half (year-end) of the fiscal year in consideration of the consolidated operating results and such factors as capital requirements for investment and other activities aimed at raising corporate value and performance prospects while also considering the financial structure of NIPPON STEEL on a consolidated basis.

NIPPON STEEL aims to achieve a consolidated annual payout ratio target of approximately 30% as benchmark for the payment of dividends from distributable funds in consideration of the consolidated operating results.

The level of the first half dividend is determined in consideration of the first-half performance results and full-year earnings forecasts.

As in the past, the year-end dividend payment will be made according to the resolution of the General Meeting of Shareholders, and any other form of distribution and appropriation of surplus (including the interim dividend) will be made according to the resolution of the Meeting of the Board of Directors as provided in Article 33 of the Articles of Incorporation and with the aim of securing flexibility in financial operations.

2) Acquisition of treasury stocks

The Company will acquire treasury stocks according to the resolution of the Meeting of the Board of Directors, as provided by Article 33 of the Articles of Incorporation and with the aim of securing flexibility in financial operations. At the Meeting of the Board of Directors, the acquisition of treasury stocks will be comprehensively determined after examining the needs of flexible financial operations management and after studying the effect of such an acquisition on NIPPON STEEL's financial structure.

(12) Others

On October 30, 2018, the Supreme Court of Korea dismissed the appeal by NIPPON STEEL (NIPPON STEEL lost the appeal) of a decision concerning a lawsuit originally filed in the Republic of Korea by 4 South Korean plaintiffs claiming damages for their work as draftees for Japan Iron & Steel Co., Ltd. during the Second World War, and handed down a decision (ordering NIPPON STEEL to pay the four plaintiffs a total of 400 million Won (approximately 40 million yen) and accrued interest).

Additionally, in connection with the series of so-called draftee cases in the Republic of Korea including the above lawsuit, the assets of NIPPON STEEL located in the country (a portion of the shares in POSCO-Nippon Steel RHF Joint Venture Co., Ltd. owned by NIPPON STEEL) is currently under seizure. The procedures to convert such assets to cash is pending.

NIPPON STEEL will deal appropriately with this matter, taking into account the status of diplomatic negotiations between the governments of Japan and South Korea and other factors.

NIPPON STEEL acquired the shares of common stock of NIPPON STEEL TRADING CORPORATION through a tender offer under the Financial Instruments and Exchange Act of Japan and made it a subsidiary as of April 14, 2023.

No matters to be reported during this period.

(2) Stock Acquisition Rights (as of March 31, 2023)

The Company has issued Zero Coupon Convertible Bonds due 2024 and Zero Coupon Convertible Bonds due 2026 on October 4, 2021.

ind of Block / Requisition re	ights under Zero Coupon Convertible Bonds due 2024
Class, contents, and number of shares to be issued upon exercise of stock acquisition rights	The class and contents of shares to be delivered upon exercise of the stock acquisition rights shall be shares of common stock of the Company (100 shares constituting one unit). The number of shares of common stock of the Company to be delivered by the Company upon exercise of such rights shall be determined by dividing the total face value of the bonds subject to the exercise request by the applicable conversion price as detailed below. Fractions of less than one share shall be discarded and no cash adjustment will be made in respect thereof. If shares not constituting a unit of shares are delivered upon exercise of stock acquisition rights, such non-unit shares shall be delivered to the bondholders with stock acquisition rights in the same manner as the shares constituting a whole unit of shares, and no cash amounts shall be paid by the Company in respect of such non-unit shares.
Number of stock acquisition rights	15,000
Conversion price	*2,547.0 yen
Period during which stock acquisition rights may be exercised	From October 18, 2021 to September 20, 2024 (local time at the place where the bonds are deposited to exercise of stock acquisition rights). However, the Terms and Conditions of Zero Coupon Convertible Bonds due 2024 provide additional period during which stock acquisition rights may be exercised in the event of certain events.
Contents of assets to be contributed for the exercise of stock acquisition rights and th amount thereof	Upon the exercise of each stock acquisition right, the bonds pertaining to such stock acquisition right shall be contributed, and the value of such bonds shall be equal to the face value thereof.
Balance of the bonds with stock acquisition rights	150 billion yen

[Outline of Stock Acquisition Rights under Zero Coupon Convertible Bonds due 2024]

(Note) Of conversion price with an asterisk (*), in accordance with the approval of the payment of an interim dividend of 90 yen per share of common stock of the Company at the meeting of the Board of Directors of the Company held on November 1, 2022, the conversion price was adjusted from 2,660.6 yen to 2,547.0 yen on and after October 1, 2022 pursuant to the Terms and Conditions of Zero Coupon Convertible Bonds due 2024.

[Outline of Stock Acquisition Rights under Zero Coupon Convertible Bonds due 2026]

Class, contents, and number of shares to be issued upon exercise of stock acquisition rights	The class and contents of shares to be delivered upon exercise of the stock acquisition rights shall be shares of common stock of the Company (100 shares constituting one unit). The number of shares of common stock of the Company to be delivered by the Company upon exercise of such rights shall be determined by dividing the total face value of the bonds subject to the exercise request by the applicable conversion price as detailed below. Fractions of less than one share shall be discarded and no cash adjustment will be made in respect thereof. If shares not constituting a unit of shares are delivered upon exercise of stock acquisition rights, such non-unit shares shall be delivered to the bondholders with stock acquisition rights in the same manner as the shares constituting a whole unit of shares, and no cash amounts shall be paid by the Company in respect of such non-unit shares.
Number of stock acquisition rights	15,000
Conversion price	*2,668.9 yen
Period during which stock acquisition rights may be exercised	From October 18, 2021 to September 24, 2026 (local time at the place where the bonds are deposited to exercise of stock acquisition rights). However, the Terms and Conditions of Zero Coupon Convertible Bonds due 2026 provide additional period during which stock acquisition rights may be exercised in the event of certain events.
Contents of assets to be contributed for the exercise of stock acquisition rights and the amount thereof	Upon the exercise of each stock acquisition right, the bonds pertaining to such stock acquisition right shall be contributed, and the value of such bonds shall be equal to the face value thereof.
Balance of the bonds with stock acquisition rights	150 billion yen

(Note) Of conversion price with an asterisk (*), in accordance with the approval of the payment of an interim dividend of 90 yen per share of common stock of the Company at the meeting of the Board of Directors of the Company held on November 1, 2022, the conversion price was adjusted from 2,787.9 yen to 2,668.9 yen on and after October 1, 2022 pursuant to the Terms and Conditions of Zero Coupon Convertible Bonds due 2026.

3. Basic Philosophy of Corporate Governance

The Company has established a corporate governance system suited to the businesses of the NIPPON STEEL Group in order to achieve the sound and sustainable growth of the NIPPON STEEL Group and increase its corporate value over the medium- to long-term, in response to the delegation of responsibilities by and trust of all stakeholders, including its shareholders and business partners.

The Company has adopted a company structure with an Audit & Supervisory Committee for the purpose of, among others, expediting management decision-making, enhancing discussions by the Board of Directors relating to matters such as the formulation of management policies and strategies by limiting the number of items for deliberation by the Board of Directors, and strengthening the supervisory function of the Board of Directors over management.

Currently, the Board of Directors of NIPPON STEEL is comprised of fourteen (14) members, of whom nine (9) are Directors (excluding Directors who are Audit & Supervisory Committee Members) and five (5) are Directors who are Audit & Supervisory Committee Members. By all Directors appropriately fulfilling their respective roles and responsibilities, prompt decision-making is achieved corresponding and transparent decision-making by the Board of Directors are secured. In addition, Directors who are Audit & Supervisory Committee Members have voting rights on the Board of Directors regarding decisions on proposals for the election and dismissal of Directors as well as the election and dismissal of Representative Directors, and other decisions in general regarding business execution (excluding decisions that have been delegated to Directors). The Audit & Supervisory Committee has the authority to give its opinions at the General Meeting of Shareholders regarding the election, compensation, etc. of Directors, excluding Directors who are Audit & Supervisory Committee Members. This structure strengthens the supervisory function of the Board of Directors over management.

If Item 3 is approved as proposed herein at the 99th General Meeting of Shareholders, Outside Directors will account for one-third (5 out of 15) of all members of the Company's Board of Directors.

(Notes)

- (1) The Company has concluded an agreement with each Outside Director (excluding Executive Directors etc.) limiting their liability under Article 423, Paragraph 1 of the Companies Act to 20 million yen or the amount stipulated under Article 425, Paragraph 1 of the Companies Act, whichever is greater, as long as he/she acts unknowingly and is not grossly negligent in performing his/her duties.
- (2) The Company has concluded an agreement with each Director that the Company indemnifies each of them for the costs stipulated in Article 430-2, Paragraph 1, Item (i) of the Companies Act and the losses stipulated in Item (ii) of the same Paragraph to the extent stipulated by laws and regulations. The agreement stipulates, among others, that the Company shall not be obligated to compensate each of them for the costs incurred by a Director in the event that the Company makes a claim seeking liability against that Director (excluding cases of shareholder derivative suits), or the costs in the event that a Director has acted in bad faith or gross negligence in performing their duties.
- (3) The Company has concluded a directors and officers liability insurance contract with the insurance company with persons including directors, audit & supervisory board members, executive officers, and important employees, of the Company, its subsidiaries, and other related entities as the insured. Under the contract, the insurance company will cover, among others, legal compensation for damages and litigation costs to be incurred by the insured as a result of claims for damages arising from acts (including inactions) of the insured pursuant to their positions. All insurance premiums are paid by the Company and its subsidiaries. The contract stipulates a deductible amount and also stipulates that damages caused by criminal acts of the insured or damages caused by acts committed by the insured that the insured knew were in violation of laws and regulations are not covered.
- (4) Representative Director and President Eiji Hashimoto served as Chairman of The Japan Iron and Steel Federation until May 27, 2022.
- (5) Director Tetsuro Tomita served as Vice Chair of KEIDANREN (Japan Business Foundation) until June 1, 2022.
- (6) Audit & Supervisory Committee Member Seiichiro Azuma is a certified public accountant with substantial knowledge of finance and accounting.
- (7) The Company elected Mr. Shozo Furumoto and Mr. Masayoshi Murase as full-time Audit & Supervisory Committee Members to ensure the effectiveness of audits.
- (8) Outside Director Tetsuro Tomita also holds a post at East Japan Railway Company, which has a business relationship with the Company for transactions of steel and other products/services.
- (9) The Company has filed all five Outside Directors as its "independent directors" with each financial exchange in Japan where it is listed.

Total	22	1,147,145,000	1,147,145,000	-	-

(Notes)

(1) The above number of recipients includes four (4) Directors (excluding Directors who are Audit & Supervisory Committee Members; including two (2) Outside Directors) and four (4) Directors who are Audit & Supervisory Committee Members (including two (2) Outside Directors) who retired at the conclusion of the 98th General Meeting of Shareholders held on June 23, 2022.

(2) Of monthly compensation with an asterisk (*), matters regarding performance-linked compensation are as follows.

(i) Monthly compensation for Directors (excluding Directors who are Audit & Supervisory Committee Members and Outside Directors) is wholly based upon the performance of NIPPON STEEL. As indicators for performance-linked compensation, NIPPON STEEL uses consolidated annual profit/loss (however, corrections were made for the sake of fair remuneration commensurate with earnings for the term by excluding the portion of gains/losses from reorganization for production facility structural measures; hereinafter the same in (ii) and (iii) below), which clearly indicates its business performance and earnings

power, and consolidated EBITDA, while taking into account other factors including the revenue targets in the Medium- to Long-term Management Plan.

(ii) Monthly compensation for Directors who are Audit & Supervisory Committee Members (excluding Outside Directors) is fixed compensation in principle, but the amount of compensation will be increased or decreased only in the event of significant changes in the consolidated annual profit/loss and consolidated EBITDA of NIPPON STEEL.

(iii) Monthly compensation for Outside Directors is fixed compensation in principle, but the amount of compensation may be increased or decreased only in the event of significant changes in the consolidated annual profit/loss of NIPPON STEEL.

As for monthly compensation for Directors, the base amount of compensation for each position, etc. fluctuates within a certain range based on each of the above indicators, and the amount of each Director's monthly compensation is determined within the limit approved by the General Meeting of Shareholders. The consolidated loss for the year attributable to owners of the parent and consolidated EBITDA in fiscal year 2020, which were used to determine the monthly compensation for Directors from April 2022 to June 2022, were (32.4) billion yen and 400.9 billion yen. The consolidated profit for the year attributable to owners of the parent and consolidated EBITDA in fiscal year 2021, which were used to determine the monthly compensation for Directors from July 2022 to March 2023 were 637.3 billion yen and 1,290.2 billion yen.

- (3) The specific amount of monthly compensation for each Director (excluding Directors who are Audit & Supervisory Committee Members) is, as detailed in (3) 1) (a) (i) c. below, determined by the Board of Directors after discussion in the "Nomination and Compensation Advisory Committee." The specific amount of monthly compensation for each Director who is Audit & Supervisory Committee Member is determined by discussions of the Directors who are Audit & Supervisory Committee Members.
- (4) The limit on the amount of compensation for Directors (excluding Directors who are Audit & Supervisory Committee Members) was approved at the 96th General Meeting of Shareholders held on June 24, 2020 to be within 140 million yen per month (including compensation for Outside Directors of within 12 million yen per month). The number of Directors (excluding Directors who are Audit & Supervisory Committee Members) was 11 (including 3 Outside Directors) at the conclusion of the 96th General Meeting of Shareholders.
- (5) The limit on the amount of compensation for Directors who are Audit & Supervisory Committee Members was approved at the 96th General Meeting of Shareholders held on June 24, 2020 to be within 22 million yen per month. The number of Directors who are Audit & Supervisory Committee Members was 7 (including 4 Outside Directors) at the conclusion of the 96th General Meeting of Shareholders.

(4) Policies regarding Decision on the Amount of Compensations for Directors

1) Content of policies

The policies regarding the decisions on the amount of compensation, etc. for Directors of NIPPON STEEL are as detailed in items (i) and (ii) below.

NIPPON STEEL abolished its retirement benefits for Directors in 2006. Furthermore, the policies relating to their bonuses were removed from the "Policies regarding the Decisions on the Amount of Compensation" for Directors, etc. in 2013.

(i) Directors (excluding Directors who are Audit & Supervisory Committee Members)

a. Basic policy

NIPPON STEEL sets the base amount of compensation for each position as it deems appropriate in consideration of the skills and responsibilities it requires of each Director. This base amount varies within a certain range based on NIPPON STEEL's consolidated performance. The Company then determines the amount of monthly compensation for each Director within the limit approved by the General Meeting of Shareholders.

b. Policy on performance-linked compensation

In accordance with the basic policy in the above a, compensation of Directors (excluding Directors who are Audit & Supervisory Committee Members and Outside Directors) consists solely of monthly compensation, and the amount of compensation is wholly based upon the performance of NIPPON STEEL, in order to give incentives for the sustainable growth of NIPPON STEEL's group and improvement of its corporate value. As indicators for performance-linked compensation, NIPPON STEEL uses consolidated annual profit/loss (however, corrections were made for the sake of fair remuneration commensurate with earnings for the term by excluding the portion of gains/losses from reorganization for production facility structural measures; hereinafter the same in this section), which clearly indicates its business performance and earning power, and consolidated EBITDA, while taking into account other factors including the revenue targets in the Medium- to Long-term Management Plan.

Compensation for Outside Directors (excluding Directors who are Audit & Supervisory Committee Members) consists solely of monthly compensation, and fixed compensation in principle, but the amount of compensation may be increased or decreased only in the event of significant changes in the consolidated annual profit/loss of NIPPON STEEL.

c. Method of determining compensation for each individual

The specific amount of monthly compensation for each Director (excluding Directors who are Audit & Supervisory Committee Members) is determined by the Board of Directors after the deliberation of the "Nomination and Compensation Advisory Committee."

(ii) Directors who are Audit & Supervisory Committee Members

NIPPON STEEL determines the monthly compensation for each Director who is an Audit & Supervisory Committee Member, within the limit approved by the General Meeting of Shareholders, by considering the duties of the Director's position and whether the Director is full-time or part-time.

2) Methods of determining the policies

The policies described in 1) above for Directors (excluding Directors who are Audit & Supervisory Committee Members) are determined by resolution of the Board of Directors, after the deliberation of the "Nomination and Compensation Advisory Committee," while for Directors who are Audit & Supervisory Committee Members, the policies described in 1) above are determined through discussion by Directors who are Audit & Supervisory Committee Members.

The Nomination and Compensation Advisory Committee conducts discussions on a wide-range of topics including the system of Directors' compensation and the appropriateness of the compensation levels by position, taking into account the survey results of directors' compensation levels of other companies obtained from the third-party research organizations.

3) Reason the Board of Directors judged that the content of compensation, etc., for individual Directors (excluding Directors who are Audit & Supervisory Committee Members) for the current fiscal year is in line with the policy stated in 1) above Compensation, etc., for individual Directors (excluding Directors who are Audit & Supervisory Committee Members) for the current fiscal year were determined by the Board of Directors following confirmation that those amounts are in line with the policy stated in 1) above, after the deliberation of the "Nomination and Compensation Advisory Committee." Therefore, the Board of Directors judged that the content of the compensation, etc., for each individual is in line with the policy stated in 1) above.

(5) Outside Directors

1) Material concurrent positions held by Outside Directors Such positions are shown on pages 42 to 43.

Position	Name	Main activities
Director (excluding Directors who are Audit & Supervisory Committee Members)	Tetsuro Tomita	Mr. Tomita has attended Board Meetings and Nomination and Compensation Advisory Committee meetings, presented his views based on knowledge and experience in corporate management, and exercised his voting rights at Board Meetings. Outside Directors, including Mr. Tomita, regularly hold meetings with the Chairman, the President, etc., to share the management challenges and exchange opinions. Through these actions, Mr. Tomita contributes to, among others, decision-makings from various perspectives, enhancement of supervisory functions over management and management transparency, of the Board of Directors, thereby appropriately fulfilling the expected roles of an Outside Director. Board Meeting attendance rate: 100% (14 out of 14 meetings) Nomination and Compensation Advisory Committee
	Kuniko Urano	 Nonlination and Compensation Advisory Committee meeting attendance rate: 100% (2 out of 2 meetings) Ms. Urano has attended Board Meetings and Nomination and Compensation Advisory Committee meetings, presented her views based on knowledge and experience in corporate management, and exercised her voting rights at Board Meetings. Outside Directors, including Ms. Urano, regularly hold meetings with the Chairman, the President, etc., to share the management challenges and exchange opinions. Through these actions, Ms. Urano contributes to, among others, decision-makings from various perspectives, enhancement of supervisory functions over management and management transparency, of the Board of Directors, thereby appropriately fulfilling the expected roles of an Outside Director. Through these actions, Mr. Yoshikawa contributes to, among others, decision-makings from various perspectives, enhancement of audit and supervisory functions over management and management transparency, of the Board of Directors thereby appropriately fulfilling the expected roles of an Outside Director. Board Meeting attendance rate: 100% (14 out of 14 meetings) Audit & Supervisory Committee meetings attendance rate: 100% (18 out of 18 meetings)
	Masato Kitera	Mr. Kitera has attended Board Meetings, Audit & Supervisory Committee meetings and Nomination and Compensation Advisory Committee meetings, conducted hearings on business conditions of each Division, as well as visits to our major steelworks, presented his views based on knowledge and experience regarding international affairs, economy, culture, etc., and exercised his voting rights at Board Meetings. Outside Directors, including Mr. Kitera, regularly hold meetings with the Chairman, the President, etc., to share the management challenges and exchange opinions. Through these actions, Mr. Kitera contributes to, among others, decision-makings from various perspectives, enhancement of audit and supervisory functions over management and management transparency, of the Board of Directors, thereby appropriately fulfilling the expected roles of an Outside Director. Board Meeting attendance rate: 100% (14 out of 14 meetings) Audit & Supervisory Committee meetings attendance rate: 100% (13 out of 13 meetings) Nomination and Compensation Advisory Committee meeting attendance rate: 100% (2 out of 2 meetings)

Total amount of compensation, etc. Total amount of compensation, etc. paid to outside directors is as shown on page 46.

5. Certain Matters concerning Accounting Auditor

(1) Name

KPMG AZSA LLC

(Note) NIPPON STEEL NORTH AMERICA, INC. and some other subsidiaries of the Company are audited by audit firms other than the above-mentioned audit firm.

(2) Amount of Compensations, etc. of Accounting Auditor and Grounds for Consent to Such Compensations, etc. by Audit & Supervisory Committee

1) Amount of compensations paid	169,000,000 yen
2) The amount of compensations payable by NIPPON STEEL and its subsidiaries to accounting auditor for its audit certification	1,045,584,980 yen
services	
3) Total amount of cash and other financial benefit payable by	1,054,449,980 yen
NIPPON STEEL and its subsidiaries to accounting auditor	

(Notes)

- (1) With respect to 1) above, the compensations for audit services under the Companies Act and the compensations for audit services under the Financial Instruments and Exchange Act are not clearly distinguished and it is not practically possible to distinguish them, therefore, their total amount is shown above.
- (2) The Company delegates services relating to preparation of letters to lead managing underwriters in association with issuance of bonds as non-audit services and others, and pays compensations for the services.

The Audit & Supervisory Committee, having confirmed the audit plan of the Accounting Auditor, the status of execution of their duties, the data used to calculate the estimated compensation, and other related matters, have determined that the compensation of the Accounting Auditor is reasonable, and have given their consent in accordance with Article 399, Paragraph 1 of the Companies Act.

(3) Policy regarding Decision on Dismissal or Non-Reelection of Accounting Auditor

NIPPON STEEL will dismiss the accounting auditor by unanimous consents of the Audit & Supervisory Committee Members upon occurrence of events justifying such dismissal, pursuant to laws and regulations. In addition, the Audit & Supervisory Committee shall resolve and submit proposal to dismiss or not to reelect the accounting auditor to the General Meeting of Shareholders if any event materially interferes with continuation of the audit services occurs.

6. Outline of the Resolution Concerning Establishment and Management of the System to Ensure Appropriateness of Business, etc. and Status of Operation of the System

(1) Basic policy on internal control system (system to ensure appropriateness of business, etc.)

The resolutions made to ensure appropriateness of its business are as follows.

NIPPON STEEL is aiming at continuous improvement of its corporate value and winning the trust of society under the "Corporate Philosophy of the Nippon Steel Corporation Group." In addition, NIPPON STEEL will establish and appropriately manage an internal control system (system to ensure appropriateness of business, etc.) as follows to comply with applicable laws and regulations, and ensure integrity of financial reporting, and effectiveness and efficiency of business, and will continue to improve such system in view of further enhancement of corporate governance.

I. Matters Necessary for the Execution of Duties of the Audit & Supervisory Committee

1. Matters related to Directors and Employees to Assist the Audit & Supervisory Committee of NIPPON STEEL in its Duties

NIPPON STEEL will establish the Audit & Supervisory Committee Members' Office and assign fulltime employees (the "dedicated staff members"), in order to assist the Audit & Supervisory Committee in the smooth execution of its duties. No Directors will be assigned to assist the Audit & Supervisory Committee in its duties.

2. Matters related to the Independence of the Dedicated Staff Members from Other Directors (Excluding Directors Who are Audit & Supervisory Committee Members) and Matters related to Ensuring the Effectiveness of Instructions of the Audit & Supervisory Committee to the Dedicated Staff Members

The dedicated staff members are full-time employees and perform their duties under the direction of the Audit & Supervisory Committee. In addition, the Head of the Human Resources Division discusses with the Audit & Supervisory Committee in advance the transfer and evaluation, etc. of the dedicated staff members to ensure their independence from the executive divisions and the effectiveness of the Audit & Supervisory Committee's instructions to the dedicated staff members.

3. System for Directors, Employees, Etc. of NIPPON STEEL and Its Subsidiaries to Report to the Audit & Supervisory Committee

The Directors (excluding Directors who are Audit & Supervisory Committee Members), Executive Officers, General Managers, and other employees of NIPPON STEEL will report to the Audit & Supervisory Committee in a timely and appropriate manner in accordance with laws and regulations or NIPPON STEEL's rules, either directly or through the related divisions such as the Internal Control & Audit Division, on the status of the execution of duties, the maintenance and operation of the internal control system (hereinafter including the status of whistleblower systems.), major accidents and incidents, and other matters related to risk management. They will also report important management matters to the Board of Directors, the Corporate Policy Committees and the Risk Management Committees, and other corporate committees, and thereby share such information with the Audit & Supervisory Committee.

In addition, the directors, audit & supervisory board members, employees, etc. of each Group company of NIPPON STEEL will report to the Audit & Supervisory Committee in a timely and appropriate manner in accordance with laws and regulations or NIPPON STEEL's rules and other regulations, either directly or through the related divisions such as the Internal Control & Audit Division, on the status of the execution of duties, the maintenance and operation of internal control systems, major accidents and incidents, and other matters related to risk management at each Group company.

4. System to Ensure that the Person Who Made the Report Referred to in the Preceding Paragraph will not be Treated Unfavorably for the Reason of Making Such Report

NIPPON STEEL will stipulate Rules for the Whistleblower System, which state that NIPPON STEEL shall not unfavorably treat a person who has reported as stated in the preceding paragraph, for reasons of such report, make such rules known, and implement them appropriately.

5. Matters related to the Policy for the Handling of Expenses Incurred in the Performance of Duties by Audit & Supervisory Committee Members

NIPPON STEEL will record in its budget such expenses as it deems necessary for the execution of duties of Audit & Supervisory Committee Members. If an Audit & Supervisory Committee Member requests reimbursements of such expenses, NIPPON STEEL will handle them appropriately in accordance with the provisions of the Companies Act.

6. Other Systems to Ensure that Audits by the Audit & Supervisory Committee are Conducted Effectively

The General Manager of the Internal Control & Audit Division and the heads of each functional division of NIPPON STEEL cooperate closely with the Audit & Supervisory Committee through means such as exchanging opinions on the operation of the internal control system and other matters on a regular basis or whenever necessary. In addition, NIPPON STEEL will strive to create an environment that enables the Audit & Supervisory Committee to conduct audits in an organized and efficient manner.

- II. System to Ensure that Execution of Duties by the Directors of NIPPON STEEL Complies with Applicable Laws and Regulations and the Articles of Incorporation and Other Systems to Ensure Appropriateness of Operation in the Corporate Group Consisting of NIPPON STEEL and its Subsidiaries
- 1. System to Ensure that Performance of Responsibilities by the Directors of NIPPON STEEL Complies with Applicable Laws and Regulations and the Articles of Incorporation.

The Board of Directors will make decisions or receive reports on important matters of management in accordance with the Rules of the Board of Directors and other relevant internal rules.

In accordance with the resolution at the Board of Directors, each of the Executive Directors will, in his/her assigned area, perform his/her responsibilities and supervise the performance of responsibilities of employees, and report such supervisory status to the Board of Directors.

2. System for the Preservation and Management of Information in relation to the Performance of Responsibilities by the Directors of NIPPON STEEL

NIPPON STEEL will appropriately preserve various information in relation to the performance of responsibilities, including minutes of Meetings of the Board of Directors, by, among others, specifying managers in charge of information preservation and management, and classifying each information by security level, in accordance with the internal rules for information management.

NIPPON STEEL will seek to make timely and accurate disclosure of important corporate information, such as its management plan and financial information, in addition to such disclosure as required by applicable laws and regulations.

3. Rules and Other Systems with respect to Loss-related Risk Management of NIPPON STEEL

The General Manager of each division will identify and evaluate risks associated with business in his/her division, and carry out his/her duties in accordance with the authority and responsibilities set out in internal rules for organization and operation.

With respect to risks related to areas such as safety and health, environment and disaster prevention, information management, intellectual properties, quality control, and integrity of financial reporting, the division in charge of each specific area (each functional division) will establish rules and other systems from a company-wide perspective, inform other divisions of such rules and systems, identify and evaluate the status of risk management at other divisions through monitoring and other methods, and provide guidance and advice to such divisions.

Upon the occurrence of an accident, disaster, compliance issue, or other event which causes a material effect on the management, the Executive Directors will immediately convene "Emergency Control Headquarters" and other meetings, and take necessary actions in order to minimize the damage, impact, and other effects.

4. System to Ensure Efficiency in the Performance of Responsibilities by Directors of NIPPON STEEL

The Board of Directors will make decisions on the execution of management plans and business strategies, as well as important business executions such as capital expenditure, and investments and provision of loans, after such matters are deliberated by companywide Committees for relevant areas such as ordinary budget, plant and equipment investment budget, investment and financing, and technology development, and the Corporate Policy Committee.

The business execution under the resolution at the Board of Directors and other corporate organizations is performed promptly by the Executive Directors, Executive Officers, and General Managers.

5. System to Ensure that Performance of Responsibilities by Employees of NIPPON STEEL Complies with Applicable Laws and Regulations and the Articles of Incorporation

NIPPON STEEL will build and maintain an internal control system based on autonomous internal controls.

Each General Manager will develop an autonomous internal control system in his/her Division, and strive to ensure thorough compliance with applicable laws and regulations and internal rules, and prevent any violation of applicable laws and regulations in business and affairs. NIPPON STEEL will also develop and enhance an employee-education system that includes regular seminars, and the creation and distribution of manuals for the purpose of ensuring compliance with applicable laws and regulations and internal rules. When each General Manager becomes aware of any potentially illegal acts or facts, he or she will immediately report such matters to the General Manager for the Internal Control & the Audit Division.

The General Manager of the Internal Control & Audit Division will confirm the status of developing and operating company-wide internal control systems, and identify and evaluate each Division's situation of compliance with applicable laws and regulations and internal rules, and take necessary measures such as preventing violations of applicable laws and regulations and internal rules. Moreover, the General Manager will report on such matters to the Risk Management Committee, and further report on important items among such matters to the Corporate Policy Committee and the Board of Directors. The General Manager will also establish and operate a whistleblower system that provides consultations and takes reports regarding risks in the operation of business. Employees are obligated to comply with applicable laws and regulations and internal rules and to appropriately perform their responsibilities.

Employees who violate applicable laws and regulations and internal rules will be subject to disciplinary action under the Rules of Employment.

6. System to Ensure Appropriateness of Operation in the Corporate Group Consisting of NIPPON STEEL and its Subsidiaries

Under the "Corporate Philosophy of the NIPPON STEEL Group," NIPPON STEEL and each Group company will share business strategy and conduct their business in a unified manner, taking into account each company's business characteristics, and will familiarize their respective employees with their respective business operation policies and other related matters. With respect to control of the Group companies, NIPPON STEEL will set forth basic rules in the Rules for Control of group companies, and ensure their appropriate application.

Each Group company will build and maintain its internal control system based on autonomous internal controls, and seek to improve measures relating to internal control through, among other measures, information sharing with NIPPON STEEL. Each responsible division of NIPPON STEEL will confirm the status of internal controls at each Group company, and provide assistance in its improvements, where necessary.

The General Manager of the Internal Control & Audit Division will coordinate with each functional division, and identify and evaluate the situation of internal control of the Group companies as a whole, and provide guidance and advice to each responsible division and each Group company.

The specific systems under the views above are as follows.

(i) System for Reporting to NIPPON STEEL in relation to the Performance of Responsibilities by the Group Companies' Directors

The responsible divisions of NIPPON STEEL will request that each Group company report on important management matters in relation to NIPPON STEEL's consolidated management or each Group company's management, including business plans, significant business policies, and financial results, and give advice and other guidance.

(ii) Rules and Other Systems with respect to Group Companies' Loss-related Risk Management

The responsible divisions of NIPPON STEEL will request that each Group company report on the situation of risk management in each Group company, and give advice and other guidance. (iii) System to Ensure Efficiency in the Performance of Responsibilities by the Group Companies' Directors

The responsible divisions of NIPPON STEEL will evaluate the business performance of each Group company, and give support for the management.

(iv) System to Ensure that the Performance of Responsibilities by Group Companies' Directors and Employees Complies with Applicable Laws and Regulations and the Articles of Incorporation

The responsible divisions of NIPPON STEEL will request that Group companies report on their respective situation on compliance with applicable laws and regulations, and the development and operation of internal control systems, and give necessary support, advice, and other guidance. Additionally, such divisions will request that each Group company report on any actions and facts in such Group company that may violate applicable laws and regulations, and promptly report to the General Manager of the Internal Control & Audit Division.

(2) Outline of status of operation

1) Operational organization

NIPPON STEEL has established an operational organization for its internal control systems. This organization consists of the Internal Control & Audit Division (20 full-time and 22 concurrently with their other posts), which is responsible for the internal control plan and internal audits, and functional divisions responsible for managing risk in each field (about 850 staff members). NIPPON STEEL has also designated a person in charge of risk management (about 110 for NIPPON STEEL) and a person responsible for risk management (about 550 in group companies) who are engaged in planning and promoting autonomous internal-control activities in each division and Group company. This organization operates the internal control system as follows.

- 2) Specific status of operation
 - a) Internal control plan

In March of each year, NIPPON STEEL develops an annual plan on internal control for NIPPON STEEL Group as a whole based on changes in the related laws and the business circumstances. This plan includes a basic policy, separate plans for each function, including safety, environment, plant safety, and quality, an internal audit plan, and an education plan. Each division and Group company creates its own plan for the fiscal year based on such annual plan developed by NIPPON STEEL.

b) Autonomous internal control activities

In accordance with the annual plan, each division and Group company autonomously performs internal control activities based on the characteristics of each business and its inherent risks. Specifically, such activities include establishment, education and voluntary inspections of operational rules, manuals and other documentation; third-party monitoring; and improvements to operations based on the results thereof.

Such divisions and Group companies immediately report any accidents, disasters, facts that may violate applicable laws and regulations, etc. to the Internal Control & Audit Division, and coordinate with the relevant divisions to take corrective measures, such as measures to prevent recurrence. The Internal Control & Audit Division compiles case studies of such incidents and shares them within the NIPPON STEEL Group. Each division and Group company then performs inspections for similar risks.

c) Internal audits, etc.

Internal audits confirm the status of internal controls via internal-control checklists and other documents. Additionally, the Internal Control & Audit Division and each functional division monitor each division and group company.

As measures to complement NIPPON STEEL's internal controls, NIPPON STEEL also

operates a hotline for internal reporting and consultations within the company and at external professional organizations, which are open to officers and employees of NIPPON STEEL and group companies and their families, as well as employees of NIPPON STEEL's suppliers and others. In fiscal year 2022, there were 433 cases of internal reporting and consultations. NIPPON STEEL and its major group companies conduct employee awareness surveys regarding internal controls.

d) Assessment and improvement

The Internal Control & Audit Division reports the status of operation of the internal control system at the quarterly meeting of the Risk Management Committee. It is also reported at meetings of the Corporate Policy Committee and Board of Directors. Such status is also shared with each division and Group company at the meeting of the persons in charge of risk management and the meeting of the persons responsive for risk management.

The Internal Control & Audit Division also assesses the effectiveness of its internal control system as of the end of each fiscal year, and compiles a report of its assessment based on the status of internal-control activities, internal audits, etc. This assessment is then reported to the Risk Management Committee, Corporate Policy Committee, and Board of Directors.

Based on the results of these assessments, NIPPON STEEL establishes measures to improve the effectiveness of its internal control system, and incorporates them into the next fiscal year's internal control plan.

e) Education and awareness raising

The Company educates officers and employees of NIPPON STEEL and those of its group companies through sessions on internal controls prepared by NIPPON STEEL. The sessions include position-specific training, and are given to everyone from new hires to executive management. The Company also works actively to raise awareness of its approach to internal controls, establishment of better workplace culture, and other topics through a dialog between the Internal Control & Audit Division, and each division of NIPPON STEEL, and its group companies.

f) Coordination with the Audit & Supervisory Committee and Accounting Auditor

The Internal Control & Audit Division reports the status of internal controls to the Audit & Supervisory Committee each quarter. It also reports and discusses the status of internal controls with the Risk Management Committee with the attendance of Audit & Supervisory Committee Members selected by the Audit & Supervisory Committee. The Internal Control & Audit Division is also committed to sharing information and coordinating, including holding monthly liaison meetings.

It reports and discusses such matters as the results of assessments of internal controls relating to the status of operation of the Risk Management Committee and reporting of financial statements to the Accounting Auditor periodically.

7. Basic Policy regarding the Control of NIPPON STEEL

Basic Policy on the Composition of Persons to Control Decision-Making over the Financial and Business Policies of NIPPON STEEL

Under the corporate philosophy that the NIPPON STEEL group will pursue world-leading technologies and manufacturing capabilities, and contribute to society by providing excellent products and services, the NIPPON STEEL group aims to improve its corporate value, and further the common interests of its shareholders, by enhancing its competitiveness and profitability through the planning and execution of management strategies.

NIPPON STEEL believes that in the event a third party proposes the acquisition of substantial shareholdings in NIPPON STEEL (a "Takeover Proposal"), the ultimate decision as to whether or not to accept the Takeover Proposal should be made by the then shareholders of NIPPON STEEL. On the other hand, NIPPON STEEL believes that such Takeover Proposals could include those with the potential to cause clear damage to the corporate value of NIPPON STEEL or the common interests of the shareholders of NIPPON STEEL or those with the potential to practically coerce shareholders into selling their shares of NIPPON STEEL.

Consequently, NIPPON STEEL will pay close attention to the status of trading of shares of NIPPON STEEL and changes of its shareholders in order to prepare for such disadvantages to the shareholders of NIPPON STEEL in the event a Takeover Proposal is made by a third party, and, for the occasions where a Takeover Proposal is actually made, will make efforts to enable its shareholders to make an appropriate informed judgment based on sufficient information and with a reasonable time period to consider such proposal.

If a Takeover Proposal is reasonably judged to damage the corporate value of NIPPON STEEL, which could result in harm to the common interests of shareholders of NIPPON STEEL, NIPPON STEEL will aim to protect its corporate value and the common interests of its shareholders by taking prompt and appropriate measures to the extent permitted under the then applicable laws and regulations.

(Note)

With respect to amount of money and numbers of shares expressed in this Business Report, the amount less than unit are truncated.

Notes to the consolidated financial statements

I. Significant accounting policies for consolidated financial statements

1. Standards for preparation of consolidated financial statements

The consolidated financial statements of the Company have been prepared in conformity with the International Financial Reporting Standards ("IFRS") pursuant to the provisions of Article 120, paragraph (1) of the Ordinance on Accounting of Companies. Some of the items in the consolidated financial statements required to be disclosed by IFRS have been omitted in accordance with the provisions of the second sentence of Article 120, paragraph (1) of the Ordinance on Accounting of Companies.

2. Scope of consolidation

Number of consolidated subsidiaries: 360 companies

Principal consolidated subsidiaries are presented in "1. Current Situations of the Nippon Steel Group, (9) Principal Subsidiaries and Affiliates."

In fiscal 2022, the scope of consolidation expanded by 2 companies, including 1 newly established company and 1 newly acquired company. 20 companies—11 liquidations and 7 merged companies, etc.—were eliminated from the scope of consolidation in fiscal 2022.

3. Application of equity method

Number of equity-method affiliates (associates, joint operations and joint ventures): 97 companies Principal equity-method affiliates are presented in "1. Current Situations of Nippon Steel Group, (9) Principal Subsidiaries and Affiliates."

During fiscal 2022, 8 companies were removed from the scope of equity-method affiliates.

4. Accounting principles

(1) Financial instruments

1) Recognition and measurement

The Group recognizes financial assets when it becomes a party to the contractual provisions of the assets. Financial assets purchased or sold in a regular way are recognized on the trade date. Financial assets other than derivative financial instruments are classified at initial recognition as those measured at amortized cost or at fair value through other comprehensive income. Financial assets measured at amortized cost and at fair value through other comprehensive income are initially recognized at their fair value plus transaction costs that are directly attributable to the acquisition of the assets. However, the trade receivables that do not contain a significant financing component are recognized initially at their transaction price.

(i)Financial assets measured at amortized cost

Financial assets are classified as financial assets measured at amortized cost only if the assets are held within the Group's business model with an objective of collecting contractual cash flows, and if the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii)Financial assets measured at fair value through other comprehensive income

For certain equity instruments held primarily for the purpose of maintaining or strengthening business relationship with investees, the Group designates these instruments as financial assets measured at fair value through other comprehensive income at initial recognition.

Subsequent changes in fair value are recognized in other comprehensive income. When these financial assets are derecognized or significant deterioration of fair value occurs, a gain or loss accumulated in other comprehensive income is reclassified to retained earnings. Dividends from the financial assets measured at fair value through other comprehensive income are recognized in profit or loss when the Group's right to receive dividends is established.

2) Derecognition

Financial assets are derecognized when the contractual rights to the cash flows from the financial assets expire, or when the Group transfers the financial assets and substantially all the risks and rewards of ownership of the assets to another party.

3) Impairment of financial assets measured at amortized cost

The Group assesses expected credit loss at the end of each reporting period for the impairment of financial assets measured at amortized cost.

The loss allowance is measured at an amount equal to the lifetime expected credit losses for trade receivables and financial assets with a significant increase in credit risk since initial recognition.

The Group determines whether credit risk has significantly increased based on changes in the risk of a default occurring on the financial assets. When determining whether there are changes in the risk of a default occurring on the financial assets, the Group considers the following;

- Significant deterioration in the financial conditions of an issuer or a borrower;
- A breach of contract, such as default or past-due payment of interest or principal; or
- It has become probable that a borrower will enter into bankruptcy or other financial reorganization

(2) Derivatives and hedge accounting

The Group utilizes derivatives, including foreign exchange forward contracts, interest rate swaps and currency swaps, to hedge foreign currency risk and interest rate risk. These derivatives are initially recognized at fair value when the contract is entered into, and are subsequently measured at fair value.

Changes in fair value of derivatives are recognized in profit or loss. However, the effective portion of cash flow hedges is recognized in other comprehensive income.

The Group formally documents relationships between hedging instruments and hedged items, as well as its risk management objective and strategies for undertaking various hedge transactions in an internal rule titled "Administrative Provisions on Transactions of Derivative Instruments". The rule stipulates that derivative transactions are conducted only for the purpose of mitigating risks arising from the Group's principal business activities (including forecast transactions) and the trading of derivatives for speculative purposes is prohibited.

The Group evaluates whether the derivatives designated as a hedging instrument offsets changes in fair value or the cash flows of the hedged items to a great extent when designating a hedging relationship and on an ongoing basis. A hedging relationship that qualifies for hedge accounting is classified and accounted for as follows:

1) Fair value hedges

Changes in fair value of derivative as a hedging instrument are recognized in profit or loss. Changes in fair value of a hedged item adjust the carrying amount of the hedged item and are recognized in profit or loss.

2) Cash flow hedges

The effective portion of changes in fair value of derivative as a hedging instrument is recognized in other comprehensive income. Any ineffective portion of changes in fair value of derivative as the hedging instrument is recognized in profit or loss.

The amount accumulated in other comprehensive income is reclassified to profit or loss when the hedged transactions affect profit or loss. When a hedged item results in the recognition of a non-financial asset or a non-financial liability, the amount recognized as other components of equity is reclassified as an adjustment of initial carrying amount of the non-financial asset or non-financial liability.

(3) Inventories

Inventories are measured at the lower of cost or net realizable value. The cost of inventories is measured mainly based on the weighted average method, and comprises all costs of purchasing and processing as well as other costs incurred in bringing the inventories to their present location and condition. Net realizable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(4) Property, plant and equipment

1) Recognition and measurement

Property, plant and equipment is initially measured at cost and presented at cost less accumulated depreciation and impairment losses. Acquisition cost includes costs directly attributable to the acquisition of the asset and costs of dismantling, removing and restoration of the asset.

2) Depreciation

Depreciation of property, plant and equipment is mainly computed by the straight-line method over the estimated useful lives of each component based on the depreciable amount. The depreciable amount is the cost of the asset less the respective estimated residual values.

The estimated useful lives of major property, plant and equipment are as follows:

- Buildings: Principally 31 years
- Machinery: Principally 14 years

The depreciation methods, estimated useful lives and residual values are reviewed at the end of each reporting period, and modified as necessary.

(5) Goodwill and intangible assets

Intangible assets are measured at cost. Intangible assets with finite useful lives are presented at cost less accumulated amortization and impairment losses. Goodwill and intangible assets with indefinite useful lives are presented at cost less accumulated impairment losses.

1) Goodwill

When the total of consideration transferred in business combinations and amount of non-controlling interests in the acquiree exceeds the net of identifiable assets acquired and liabilities assumed on the acquisition date, the excess amount is recognized as goodwill.

Goodwill is not amortized and is allocated to cash-generating units or groups of cash-generating units.

Regarding accounting policy for impairment of goodwill, refer to (7) "Impairment of non-financial assets".

2) Intangible assets

Intangible assets acquired separately are measured at cost at the date of initial recognition. The costs of intangible assets acquired in business combinations are measured at fair value at the acquisition date. Expenditures related to internally generated intangible assets are recognized as expenses when incurred, unless development expenses meet the criteria for capitalization.

3) Amortization

Amortization of intangible assets with finite useful lives is recognized as an expense by the straight-line method over their estimated useful lives from the date when the assets are available for their intended use. The amortization methods and useful lives are reviewed at the end of each reporting period, and modified as necessary. The estimated useful lives of major intangible assets with finite useful lives are as follows:

- Software: Principally 5 years
- Mining rights: Principally 25 years

Intangible assets with indefinite useful lives and intangible assets not yet available for use are not amortized.

(6) Leases

The Group determines whether a contract is, or contains, a lease based on the substance of the contract rather than its legal form at the commencement date of the lease.

The Group recognizes right-of-use assets and lease liabilities at the commencement date of a lease contract or a contract which is determined to contain a lease. Lease liabilities are measured at the discounted present value of the total lease payments that are not paid at the lease commencement date.

Right-of-use assets are initially measured at the amount of initial measurement of the corresponding lease liability, adjusted mainly by any initial direct costs, and any prepaid lease payments, plus costs including restoration obligations under the lease agreement. Right-of -use assets are depreciated mainly on a straight-line basis over the lease term. Finance costs are presented separately from depreciation costs on right-of-use assets on the consolidated statements of profit or loss.

For leases with an initial term of 12 months or less and leases for which the underlying asset is of low value, the Group applied an exemption of IFRS 16 and elected not to recognize the lease payments associated with those leases as right-of-use assets or lease liabilities. The Group recognizes such lease payments as expenses mainly on a straight-line basis over the lease term.

(7) Impairment of non-financial assets

For the non-financial assets other than inventories and deferred tax assets, the Group assesses whether there is any indication of impairment on each asset or the cash-generating unit to which the asset belongs at the end of each reporting period. If any indication of impairment exists, the recoverable amount of the asset or the cash-generating unit to which the asset belongs is estimated and impairment tests are performed. Goodwill, intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually and whenever an indication of impairment exits.

The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs to sell and its value in use. When the recoverable amount of the individual asset cannot be estimated, the Group estimates the recoverable amount of the cash-generating unit or the group of cash-generating units to which the asset belongs. The value in use is calculated by discounting the estimated future cash flows to the present value, and a pre-tax discount rate that reflects the time value of money and the risks specific to the asset is used as a discount rate.

The cash flows are based on the medium- to long-term management plan and the latest business plan, which incorporate the steel supply and demand forecast and manufacturing cost improvement as key assumptions. Projections of steel supply and demand and manufacturing cost improvements are subject to a high degree of uncertainty, and management's judgments regarding these factors are expected to have a significant impact on future cash flows.

An impairment loss is reversed if there are indications that an impairment loss recognized in prior periods for an asset other than goodwill may no longer exist or may have decreased and the recoverable amount of the asset is greater than its carrying amount. The amount to be reversed would not exceed its carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. An impairment loss recognized in goodwill is not reversed.

(8) Revenue

Revenue is recognized based on the following five-steps.

- Step 1: Identify the contract with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognize revenue when or as the Group satisfies a performance obligation

Revenue generated from Steelmaking and Steel Fabrication segment and Chemicals and Materials segment primarily consists of revenue generated from sale of goods while revenue generated from Engineering and Construction segment primarily consists of construction contracts and revenue generated from System Solutions segment mainly consists of services rendered and construction contracts (built-to-order software).

1) Performance obligations satisfied at a point in time

The Group recognizes revenue from sale of goods at the point of shipment as the customer obtains control of the goods and therefore a performance obligation is satisfied at a point in time where the Group no longer retains physical possession of the goods upon shipment, the Group has the right to be paid from the customer and their legal title is transferred to the customer.

With respect to revenue from rendering of service whose performance obligation is satisfied at a point in time, the Group recognizes revenue when the rendering of service is completed.

Revenue is measured at the amount of consideration received or receivable less discounts and rebates.

The consideration of the transaction is primarily collected within one year after the satisfaction of its performance obligation and it does not contain a significant financing component.

2) Performance obligations satisfied over time

The Group recognizes revenue from construction contracts and built-to-order software on the basis of progress towards satisfaction of performance obligation as the Group transfers control over time. The progress is measured on the basis of percentage of actual costs incurred to date to estimated total costs as it is considered that costs incurred properly reflect the progress of the services. (input methods)

With respect to revenue from rendering of services whose performance obligation is satisfied over time, the Group recognizes revenue evenly throughout the duration of the service.

(9) Employee benefits

Employee benefits include short-term employee benefits, retirement benefits, and other long-term employee benefits.

1) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are recognized as expenses when the related service is provided.

A liability is recognized for the amount expected to be paid under short-term cash incentive plans if the Group has a present legal or constructive obligation to pay in exchange for services provided by the employees in the prior period, and such obligation can be reliably estimated.

2) Retirement benefits

Retirement benefit plans comprise of defined benefit corporate pension plans, defined contribution plans, and lump-sum retirement payment plans. These retirement benefit plans are accounted for as follows:

(i) Defined benefit corporate pension plans and lump-sum retirement payment plans

The net defined benefit liabilities or assets of defined benefit plans are recognized as the present value of defined benefit obligations less the fair value of any plan assets.

The present value of defined benefit obligations is calculated annually by qualified actuaries using the projected unit credit method. The discount rates are based on the market yields of high quality corporate bonds at the end of each reporting period that have terms consistent with the discount period, which is established as the estimated term of the retirement benefit obligations through to the estimated dates for payments of future benefits.

Remeasurements of defined benefit plans are immediately recognized in other comprehensive income when incurred and then directly transferred to retained earnings, while past service costs are recognized in profit or loss.

(ii) Defined contribution plans

Contributions to defined contribution retirement plans are recognized as expenses in the period when the employees render the related services.

(10) Income taxes

Income taxes comprise of current taxes and deferred taxes, and are recognized in profit or loss, except for the items which are recognized directly in equity or other comprehensive income.

Current taxes are measured at the amounts expected to be paid or recovered from the taxation authorities using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets and deferred tax liabilities are recognized based on future tax consequences attributable to temporary differences between the carrying amounts of assets or liabilities for accounting purposes and the tax bases of the assets or liabilities, carryforward of unused tax losses and tax credits. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilized. Deferred tax assets are reviewed at the end of each reporting period and recognized only to the extent that it is probable that the tax benefits can be realized. However, deferred tax assets are not recognized if the initial recognition of an asset or liability in a transaction that is not a business combination affects neither accounting profit nor taxable profit at the time of the transaction.

Deferred tax assets arising from deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements are recognized only to the extent of the following circumstances:

- The temporary difference will reverse in the foreseeable future; and
- Taxable profit will be available against which the temporary difference can be utilized.

Deferred tax liabilities are recognized for all taxable temporary differences, except for the following circumstances:

- On the initial recognition of goodwill;
- On the initial recognition of an asset or liability in a transaction that is not a business combination affects neither accounting profit nor taxable profit at the time of the transaction;
- Taxable temporary differences associated with investments in subsidiaries to the extent that the parent company is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The Group assesses the recoverability of deferred tax assets using all the future information available at date such as projections of the future taxable profit based on the medium- to long-term management plan and the latest business plan which incorporate the steel supply and demand forecast and manufacturing cost improvement as

key assumptions. Although the Group recognizes its deferred tax assets to the extent that it is probable that the related tax benefit will be realized, the recoverable amount may vary depending on the factors such as the changes in the projections of the future taxable profit in case of not meeting the medium- to long-term management plan and business plan due to unfavorable business environment or tax reforms including the changes in the statutory tax rate.

5. Significant accounting estimates and judgments

The preparation of consolidated financial statements in accordance with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. However, actual results could differ from these estimates.

The estimates and their underlying assumptions are reviewed on an ongoing basis. The effects of changes in accounting estimates are recognized prospectively in the period in which the estimates are revised.

Information about uncertainty of key estimates and assumption that may have significant risks of causing material adjustments to the carrying amount of assets and liabilities in the subsequent reporting year, particularly the impairment of non-financial assets and the recoverability of deferred tax assets that the Group considers material, is included in the following notes.

-I. Significant accounting policies for consolidated financial statements 4. Accounting principles (7) Impairment of non-financial assets

-The carrying amounts in the consolidated financial statements as of the year ended March 31, 2023			
Property, plant and equipment	¥ 3,183,638 million		
Right-of-use assets	83,935 million		
Goodwill	65,062 million		
Intangible assets	157,444 million		
Investments accounted for using the equity method	1,210,542 million		

-I. Significant accounting policies for consolidated financial statements 4. Accounting principles (10) Income taxes

-The carrying amounts in the consolidated financial statements as of the year ended March 31, 2023 Deferred tax assets (after offsetting deferred tax liabilities) ¥ 136,349 million

II. Notes to the consolidated statements of financial position

1 Acceto	nledged as	collateral	and secured	debte
I. Assets	s pleaged as	s conateral	and secured	debts

Assets pledged as collateral	Amount (Millions of Yen)
Land	5,656
Buildings and structures	2,257
Machinery and vehicles	710
Other	10,387
Total	19,012

Secured debts	Amount (Millions of Yen)
Short-term borrowings	925
Long-term borrowings (current portion is included)	610
Other	1,164
Total	2,700

In addition to the pledged assets listed above, ¥447 million of shares of associates are pledged as collateral for affiliates' loans.

2. Inventories	
Merchandise and finished goods (including semi-finished products)	¥ 1,108,363 million
Work in progress	83,608 million
Raw materials and supplies	893,999 million
 Allowance for doubtful accounts directly deducted from assets Trade and other receivables Other financial assets 	¥ 3,352 million 9,213 million
4. Accumulated depreciation of property, plant and equipment	¥ 9,591,643 million

5. Loan guarantees

The Group provides guarantees for the bank loans of its joint ventures and associates which would require the Group to repay the loan in the event of a default. The following amount includes reserved guarantees of loans, etc. Guarantee for debts of joint ventures and associates ¥ 343,474 million

III. Notes to the consolidated statements of profit or loss

(Business profit)

Business profit on consolidated statements of profit or loss indicates the results of sustainable business activities, and is an important measure to compare and evaluate the Company's consolidated performance continuously. It is defined as being deducted cost of sales, selling general and administrative expenses and other operating expenses from revenue, and added share of profit in investments accounted for using the equity method and other operating income. Other operating income and expenses are composed mainly of dividend income, foreign exchange gains or losses, and losses on disposal of fixed assets.

(Losses on reorganization)

Losses on reorganization were recorded owing to business reorganization and withdrawal, and the details are described below.

Losses on business withdrawal ¥ 9,325 million

Losses on business withdrawal were mainly incurred as a result of the partial withdrawal from the electric power retail business operated by NIPPON STEEL ENGINEERING CO., LTD. in the Engineering and Construction segment.

Losses on inactive facilities

¥ 23,485 million

In the Steelmaking and Steel Fabrication segment, losses on inactive facilities were incurred mainly due to termination and demolition losses based on the decision to close the facilities.

IV. Notes to the consolidated statements of changes in equity

1. Number and class of shares outstanding at the end of fiscal 2022 Number of shares outstanding at the end of the period (including treasury stock) Ordinary shares 950,321,402 shares

Number of treasury stock at the end of the period Ordinary shares 29,481,839 shares

2. Dividends

(1) Dividends paid

Date of resolution	Class of share	Total amount of dividends (Millions of yen)	Dividends per share (Yen)	Record date	Effective date
Shareholders' meeting held on June 23, 2022	Ordinary shares	82,975	90	March 31, 2022	June 24, 2022
Board of Directors' meeting held on November 1, 2022	Ordinary shares	82,974	90	September 30, 2022	November 30, 2022

(2) Dividends that belong to the current consolidated reporting year but become effective in the subsequent consolidated reporting year (planned)

Date of resolution	Class of share	Source of dividends	Dividends	Record date	Effective date
Shareholders' meeting held on June 23, 2023		Retained earnings	90	March 31, 2023	June 26, 2023

(3) Class and number of shares to be issued upon exercise of stock acquisition rights at the end of the consolidated fiscal year (excluding those for which the first day of the exercise period has not yet arrived).
 Ordinary shares
 115,095,745 shares

V. Notes to the financial instruments

1. Current status of financial instruments

(1) Capital management

Under the presumption that a certain level of financial stability is maintained, the Group has capital management policies which emphasize operational efficiency of invested capital, maximize corporate value by utilizing funds in investments (including investments in capital expenditure, research and development and M&A) which are expected to generate revenue which exceeds the cost of capital to enable sustainable growth and, at the same time, meet the demands of shareholders by providing returns to shareholders based on profits. The necessary funds to achieve this are primarily provided through cash flows from operating activities which are generated from maintaining and enhancing the Group's earnings power, and the Group raises funds through borrowings from banks and the issuance of corporate bonds, as necessary.

(2) Risk management

The Group is exposed to various financial risks (market risk, credit risk and liquidity risk) arising from its business activities and implements risk management processes to minimize these financial risks.

1) Market risk management

A. Foreign currency risk

Trade receivables denominated in foreign currencies arising from exports of products are exposed to foreign currency risk.

Trade payables, notes payable and other payables are, in principle, come due within one year. Certain trade payables are denominated in foreign currencies arising from imports of raw materials and exposed to foreign currency risk.

The Group enters into forward exchange contracts and currency swaps to hedge foreign exchange risk arising from sales and capital transactions and investing and financing activities of the Group.

Derivative transactions are executed in accordance with the internal derivative transaction policy. According to the internal derivative transaction policy, the policy for entering into a derivative transaction of financial instruments is discussed and approved by the Financial Management Committee and reported as necessary at the Board of Directors' meeting. Subsequently the Financial Controller approves the implementation of derivatives within the approved authority limits and reports that transaction amounts as well as gains or losses arising from derivative transactions to the Financial Management Committee on a regular basis.

B. Interest rate risk

Certain bonds and long-term borrowings are floating-rates debts. The interest expenses vary depending on interest rates.

The Group enters into interest rate swap contracts to mitigate the risk of interest rate fluctuations.

C. Market price fluctuation risk

Marketable equity instruments mainly represent the shares of trade counterparties for which are purchased to strengthen business alliances and are exposed to market price fluctuation risk. The Group monitors the market price on a regular basis and regularly evaluates the necessity to retain the respective investments.

2) Credit risk management

In accordance with the internal credit management policy, the Group shares customer credit records with related departments, and provides for credit protection measures as necessary. Trade receivables, including notes and accounts receivable, are exposed to the credit risk of customers. The Group limits transactions to customers who

are also the principal suppliers of the Group such that the trade receivables due from the customers may be offset with the trade payables and borrowings, or to customers with high credit ratings where and the Group concludes that there are limited credit risks.

3) Liquidity risk management

The Group manages its liquidity risk on financing activities (the risk that debts cannot be paid by the due dates) by preparing and regularly updating a cash flow forecast based on the reports obtained from respective departments. Furthermore, the Group has a line of credit to cover for unforeseen circumstances.

2. Fair value of financial instruments

The carrying amount and fair value of financial instruments as of March 31, 2023 are as in the following table. The Group does not disclose the financial instruments measured at fair value in the consolidated statements of financial position and the financial instruments with fair value being nearly equal to their carrying amount.

				(Millions of Yen)	
	Carrying amount	Fair value			
		Level 1	Level 2	Level 3	
Bonds and borrowings	2,289,703	645,576	_	1,641,128	

Notes:

Classification by levels in the fair value hierarchy

- Level 1: Fair value measured with quoted prices in active markets for identical assets or liabilities;
- Level 2: Fair value measured using inputs that are directly or indirectly observable for assets or liabilities other than those in Level 1;
- Level 3: Fair value measured using inputs that are not based on observable market data for assets or liabilities.

Notes:

Valuation techniques used to measure the fair value of financial instruments

- The fair value of a bond is measured with reference to its market price.
- The fair value of convertible bonds with stock acquisition rights is measured at the present value discounted by the yield of similar bonds that do not have an equity conversion option.
- The fair value of a borrowing is measured at the present value of the total amounts of principal and interest discounted by the Group's incremental borrowing rate with a similar term.

VI. Notes to the per share information

Total equity attributable to owners of the parent per share	¥4,540.59
Basic earnings per share	¥753.66

VII. Notes to the significant subsequent events

(Business combination through acquisition / Acquisition of shares of Nippon Steel Trading Corporation (making it a subsidiary))

On December 21, 2022, Nippon Steel Corporation (the "Company") decided to acquire the shares of common stock of Nippon Steel Trading Corporation ("NSTC") through a tender offer (the "Tender Offer") under the Financial Instruments and Exchange Act of Japan, and implemented the Tender Offer from March 13, 2023 to April 10, 2023. As a result of the Tender Offer, NSTC became a consolidated subsidiary (specified subsidiary) of the Company as of April 14, 2023. Following the results of the Tender Offer, the Company intends to implement the procedures to make the Company and Mitsui & Co., Ltd. the only shareholders of NSTC.

1. Purpose of share acquisition, etc.

The Company Group believes that to enhance its ability to promptly and appropriately respond to structural changes in the global steel market, it must increase direct contact with domestic and overseas customers and enhance its ability to conduct integrated operations regarding steel transactions, and further strengthen its competitiveness throughout the supply chain in order to ensure integrated profitability of the Company Group by optimizing and streamlining from steel manufacturing to distribution and processing thereof, and creating new added value. Under such understanding, the Company determined that it is desirable to make NSTC a consolidated subsidiary of the Company and delist NSTC in order to make the relationship between the Company and NSTC stronger and implement measures with a medium- to long-term perspective.

2. Name, business content, and scale of the company whose shares were acquired

Consolidated earnings for the year per	641.97 yen	495.79 yen	1,098.03 yen
share			
Cash dividends per share	200.00 yen	160.00 yen	350.00 yen
(interim dividends shown in brackets)	(115.00)	(50.00)	(160.00)

Notes: The "(vii) Major Shareholders and Ownership Percentage (as of September 30, 2022)" is described based on the "Major Shareholders" in the 46th second quarterly report submitted by NSTC on November 14, 2022.

3. Date of stock acquisition

April 14, 2023

4. Number of Shares Acquired, Acquisition Price, and Status of Shareholding owned Before and After the Acquisition

(1)	Number of shares owned before the change	11,141,529 shares
		(Number of voting rights: 111,415 voting rights)
		(Ownership ratio of voting rights: 34.54%)
(2)	Number of shares acquired	11,507,774 NSTC Shares
		(Number of voting rights: 115,077 voting rights)
		(Ownership ratio of voting rights: 35.67%)
(3)	Acquisition price	NSTC Shares: 107,022 million yen
(4)	Number of shares owned after the change	22,649,303 shares
		(Number of voting rights: 226,493 voting rights)
		(Ownership ratio of voting rights: 70.21%)

Notes: 1. For the purpose of calculating the "Ownership ratio of voting rights," the number of voting rights (322,572 voting rights) pertaining to the number of shares, which is obtained by deducting the number of treasury shares owned by NSTC as of December 31, 2022, notified by NSTC to the Company (50,533 shares) from the total number of issued shares of NSTC as of December 31, 2022, stated in NSTC's Third Quarterly Report (32,307,800 shares), was used as the denominator.

Notes: 2. With regard to the "Ownership ratio of voting rights," any fraction is rounded off to two decimal places. Notes: 3. The "Acquisition price" is rounded down to the nearest million yen. Advisory fees, etc. are not included.

5. Others

At this point in time, the accounting treatment for the business combination has not been completed, so detailed information on the accounting treatment is not provided.

Notes to the non-consolidated financial statements

I. Significant accounting policies

1. Basis and method of valuation of assets

- (1) Marketable securities
 - Shares of subsidiaries and affiliates: Stated at cost determined by the moving-average method
 - Available-for-sale securities:
 - Investments in securities other than equity securities without market prices: Stated at fair value (Net unrealized gains or losses are comprehensively included in net assets, and the cost of securities sold is determined by the moving-average method.)

Investments in equity securities without market prices: Stated at cost determined by the moving-average method

- (2) Inventories
 - Products, semi-finished products, work in process, and raw materials: Cost accounting method based on the periodic average method (Regarding balance sheet values, this method is designed to reduce book value when the contribution of inventories to profitability declines.)
 - Supplies: Cost accounting method mainly based on the first-in, first-out method (Regarding balance sheet values, this method is designed to reduce book value when the contribution of inventories to profitability declines)
- 2. Depreciation methods for fixed assets
 - (1) Tangible fixed assets (excluding leased assets)
 - Depreciation of tangible fixed assets is mainly calculated using the straight-line method.

Useful lives of tangible fixed assets are generally as follows: Buildings: Principally 31 years Machinery and equipment: Principally 14 years

(2) Intangible fixed assets (excluding leased assets)

Amortization of intangible fixed assets is calculated using the straight-line method. Software products made by the Company are amortized over the projected usage periods that are of 5 years.

- (3) Leased assets
 - Assets concerning finance leases in which ownership is not transferred to the lessee These assets are depreciated to a residual value of zero based on the straight-line method over a useful life period corresponding to the lease contract period.

3. Accounting basis for allowances

(1) Allowance for doubtful accounts

To provide for potential losses on doubtful accounts, the allowance for doubtful accounts is computed based on the historical experienced default ratio for non-specific receivables, as well as the estimated irrecoverable portion of specific doubtful receivables calculated on an individual basis.

(2) Accrued pension and severance costs

To provide for employee retirement benefits, an allowance is calculated based on projections of retirement benefit obligations and the pension fund asset balance at the end of the fiscal year. The employee retirement benefit obligation is computed based on the benefit formula basis using the projected retirement benefit obligation at the end of the fiscal year. Prior service cost is appropriated using the straight-line method over a specified period (10 years) within the employees' average remaining service period at the time when such costs accrues. Actuarial differences are principally charged to expenses proportionally using the straight-line method from the fiscal year following the year in which such differences accrue over a specified period (10 years) within the employees' average remaining service over a specified period (10 years) within the employees' average remaining service over a specified period (10 years) within the employees' average remaining service over a specified period (10 years) within the time when such differences accrue over a specified period (10 years) within the employees' average remaining service over a specified period (10 years) within the employees' average remaining service over a specified period (10 years) within the employees' average remaining service period at the time when such differences accrue.

4. Recognition criteria for revenue and expenses

Basic information for understanding revenue is omitted because the same information is disclosed in "Accounting principles" included in "Notes to the consolidated financial statements."

- 5. Other significant accounting policies for financial statements
 - (1) Assets and liabilities denominated in foreign currencies and foreign currency translation

Monetary assets and liabilities of the Company denominated in foreign currencies are translated into yen at the spot rate prevailing on the closing date of accounts, and the resulting foreign exchange gains or losses are recognized as income or expenses.

(2) Method of hedge accounting

In principle, the Company applies the deferred hedging accounting method. For foreign exchange forward contracts and currency swaps whose amounts, currency, and period meet the conditions of hedged items, the "assigning" method is applied. In addition, for interest swaps whose amounts, index, and period meet the conditions for hedged items, the "exceptional" method is applied.

(3) Method and period for amortization of goodwill

Goodwill is amortized using the straight-line method over the period, where it is possible to estimate such a period, for which the excess cost is expected to have an effect on the balance sheets. Otherwise, the excess cost is amortized proportionately over 5 years.

(4) Retirement benefit accounting policy

The accounting methods for unrecognized actuarial differences associated with the retirement benefits and unrecognized past service liability used herein differ from the methods used in the consolidated financial statements.

- (5) Application of the group tax sharing system The group tax sharing system is applied.
- (6) Application of Practical Solution on the Accounting and Disclosure Under the Group Tax Sharing System From the beginning of fiscal 2022, the Company has switched from the consolidated taxation system to the group tax sharing system. As a result, the accounting treatment and disclosures of national and local corporate income taxes and tax effect accounting for these are in accordance with the "Practical Solution on the Accounting and Disclosure Under the Group Tax Sharing System" (ASBJ Practical Solution No.42, August 12, 2021). Based on the Practical Solution No. 42, Article 32 (1), it is deemed that there is no impact from the change in accounting policies in accordance with the application of Practical Solution No. 42.
- 6. Changes in accounting policies

Application of the implementation guidance on accounting standard for Fair Value Measurement The Company has applied the "Implementation Guidance on Accounting Standard for Fair Value Measurement" (ASBJ Guidance No.31, June 17, 2021) from the beginning of Fiscal 2022. In accordance with the transitional treatment set forth in Article 27-2 of the Implementation Guidance, the Company has applied the new accounting policies set forth in the Implementation Guidance prospectively.

This application has no impact on the non-consolidated financial statements of fiscal 2022.

7. Accounting estimates

Items of accounting estimates recorded in the financial statements for the current fiscal year that may have a significant impact on the financial statements for the following fiscal year, are as follows.

(1) Impairment of fixed assets

• The carrying amounts in the financial statements as of fiscal 2022	
Tangible fixed assets	¥2,024,148 million
Intangible fixed assets	79,235 million

- Other information that contributes to understanding of the details of accounting estimates This information is omitted because the same information is described in "Significant accounting estimates and judgments" included in "Notes to the consolidated financial statements."
- (2) The recoverability of deferred tax assets
 - The carrying amounts in the financial statements as of fiscal 2022 Deferred tax assets (after offsetting deferred tax liabilities) ¥125,416 million
 - Other information that contributes to understanding of the details of accounting estimates This information is omitted because the same information is described in "Significant accounting estimates and

judgments" included in "Notes to the consolidated financial statements."

II. Notes to the non-consolidated balance sheet

1. Accumulated depreciation of tangible fixed assets ¥6,741,374 million

- 2. Contingent liabilities
 - The Company guarantees loans from financial institutions and other sources held by other companies. (1) Loan Guarantee Liabilities

(Outstanding	g amounts as of March 31, 20	(Substantial amounts)	
AMNS Luxembourg Holding S.A.	¥274,858 1	million ¥274,858 millio	n
AM/NS Calvert LLC	96,651	55,231	
PT KRAKATAU NIPPON STEEL SYNERGY	20,830	20,830

WISCO-NIPPON STEEL Tinplate Co., Ltd.	4,952	4,952	
Other	2,955	2,955	
Total	¥407,117	¥365,698	

(2) Reserved guarantees of loans	¥23 million
(The substantial amount gu	aranteed is ¥23 million.)

3. Accounts receivable and payable to subsidiaries and affiliates

Short-term accounts receivable	¥266,860 million
Long-term accounts receivable	135,179 million
Short-term accounts payable	742,881 million
Long-term accounts payable	982 million

III. Notes to the non-consolidated statements of operations

Transactions with subsidiaries and affiliates Operating transactions	
Net sales	¥1,868,405 million
Purchases	1,373,323 million
Non-operating transactions	
Proceeds from the transfer of assets, etc.	¥633,747 million
Expenditures from the transfer of assets, etc.	163,602 million

IV. Notes to the statements of changes in net assets

Number and class of treasury stocks outstanding at the end of the fiscal year Ordinary shares 28,394,120 shares

V. Notes to the tax-effect accounting

Deferred tax assets primarily arise from the exclusion from expenses of accrued bonus, pension and severance costs, and impairment losses. Deferred tax liabilities primarily arise from unrealized gains on available-for-sale securities.

VI. Notes to the related party information

Category	Name	Equity ownership percentage	Relation with related party	Description of transaction	Amount of transaction (Millions of Yen)	Account	Resulting account balances (Millions of Yen)
Affiliate	AMNS Luxembourg Holding S.A.	Holding 40% directly	Loan guarantee	Loan guarantee(*1)	274,858	_	_

Terms and conditions applied to related party transactions:

(*1) The Company provided a guarantee for 40% of the loan which AMNS Luxembourg Holding S.A. procured from banks.

VII. Notes to the per share information

Net assets per share	¥2,316.22
Earnings per share	¥546.28

VIII. Notes to the significant subsequent events

(Acquisition of shares of Nippon Steel Trading Corporation (making it a subsidiary)) This information is omitted because the same information is described in "Notes to the significant subsequent events" included in "Notes to the consolidated financial statements."

[English Translation of the Auditors' Report Originally Issued in the Japanese Language]

Independent Auditor's Report

May 11, 2023

Mr. Eiji Hashimoto Representative Director and President Nippon Steel Corporation

> KPMG AZSA LLC Tokyo Office Koichi Kohori Designated Limited Liability Partner Certified Public Accountant Hirotaka Tanaka Designated Limited Liability Partner Certified Public Accountant Takahiro Toyama Designated Limited Liability Partner Certified Public Accountant

Opinion

Pursuant to Article 444, Paragraph 4 of the Companies Act, we have audited the accompanying consolidated financial statements, which comprise the consolidated statement of financial position, the consolidated statement of profit or loss, the consolidated statement of changes in equity and the notes to the consolidated financial statements of Nippon Steel Corporation (the "Company") for the fiscal year from April 1, 2022 through March 31, 2023.

In our opinion, the above consolidated financial statements present fairly, in all material respects, the financial position and results of operations of the corporate group, which consists of the Company and its consolidated subsidiaries, for the period covered by the consolidated financial statements in accordance with the accounting principles prescribed in the latter part of Article 120, Paragraph 1 of the Regulation on Corporate Accounting, which omits certain disclosure items required under the designated International Financial Reporting Standards.

Basis for the Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in "Auditor's Responsibility for the Audit of the Consolidated Financial Statements." We are independent of the Company and its consolidated subsidiaries in accordance with the provisions related to professional ethics in Japan, and are fulfilling other ethical responsibilities as an auditor. We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

Other Information

The other information comprises the business report and its supplementary schedules. Management is responsible for the preparation and presentation of the other information. The Audit & Supervisory Committee is responsible for overseeing the Directors' performance of their duties with regard to the design, implementation and maintenance of the reporting process for the other information.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and the Audit & Supervisory Committee for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting principles prescribed in the latter part of Article 120, Paragraph 1 of the Regulation on Corporate Accounting, which omits certain disclosure items required under the designated International Financial Reporting Standards. This includes designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing whether it is appropriate to prepare the consolidated financial statements in accordance with the premise of a going concern, and for disclosing matters relating to going concern when it is required to do so in accordance with the accounting principles prescribed in the latter part of Article 120, Paragraph 1 of the Regulation on Corporate Accounting, which omits certain disclosure items required under the designated International Financial Reporting Standards. The Audit & Supervisory Committee is responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our responsibility is to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to express an opinion on the consolidated financial statements from an independent standpoint in an audit report, based on our audit. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the consolidated financial statements.

We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.
- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, although the purpose of the audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.
- Determine whether it is appropriate for management to prepare the consolidated financial statements on the premise of a going concern and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the consolidated financial statements in the audit report, or if the notes to the consolidated financial statements. While the conclusions of the auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.
- Besides assessing whether the presentation of and notes to the consolidated financial statements are in accordance with the accounting principles prescribed in the latter part of Article 120, Paragraph 1 of the Regulation on Corporate Accounting, which omits certain disclosure items required under the designated International Financial Reporting Standards, assess the presentation, structure, and content of the consolidated financial statements including related notes, and whether the consolidated financial statements fairly present the transactions and accounting events on which they are based.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the Company and its consolidated subsidiaries in order to express an opinion on the consolidated financial statements. The auditor is responsible for instructing, supervising, and implementing the audit of the consolidated financial statements, and is solely responsible for the audit opinion.

The auditor reports to the Audit & Supervisory Committee regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to the Audit & Supervisory Committee regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's

independence and any safeguards that are in place to reduce or eliminate obstacles.

Interest

Our firm and engagement partners have no interests in the Company or its consolidated subsidiaries requiring disclosure under the provisions of the Certified Public Accountants Act of Japan.

Report of Accounting Auditor on Non-Consolidated Financial Statements (Copy)

[English Translation of the Auditors' Report Originally Issued in the Japanese Language]

Independent Auditor's Report

May 11, 2023

Mr. Eiji Hashimoto Representative Director and President Nippon Steel Corporation

> KPMG AZSA LLC Tokyo Office Koichi Kohori Designated Limited Liability Partner Certified Public Accountant Hirotaka Tanaka Designated Limited Liability Partner Certified Public Accountant Takahiro Toyama Designated Limited Liability Partner Certified Public Accountant

Opinion

Pursuant to Article 436, Paragraph 2, Item 1 of the Companies Act, we have audited the accompanying financial statements, which comprise the balance sheet, the statement of income, the statement of changes in net assets and the related notes, and the accompanying supplementary schedules of Nippon Steel Corporation (the "Company") for the 98th fiscal year from April 1, 2022 through March 31, 2023.

In our opinion, the financial statements and the accompanying supplementary schedules referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2023, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in Japan.

Basis for the Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in "Auditor's Responsibility for the Audit of the Financial Statements and the Accompanying Supplementary Schedules." We are independent of the Company in accordance with the provisions related to professional ethics in Japan, and are fulfilling other ethical responsibilities as an auditor. We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

Other Information

The other information comprises the business report and its supplementary schedules. Management is responsible for the preparation and presentation of the other information. The Audit & Supervisory Committee is responsible for overseeing the Directors' performance of their duties with regard to the design, implementation and maintenance of the reporting process for the other information.

Our opinion on the financial statements and the accompanying supplementary schedules does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements and the accompanying supplementary schedules, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the accompanying supplementary schedules or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and the Audit & Supervisory Committee for the Financial Statements and the Accompanying Supplementary Schedules

Management is responsible for the preparation and fair presentation of the financial statements and the accompanying supplementary schedules in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the financial statements and the accompanying supplementary schedules that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements and the accompanying supplementary schedules, management is responsible for assessing whether it is appropriate to prepare the financial statements and the accompanying supplementary schedules in accordance with the premise of a going concern, and for disclosing matters relating to going concern when it is required to do so in accordance with accounting principles generally accepted in Japan.

The Audit & Supervisory Committee is responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements and the Accompanying Supplementary Schedules

Our responsibility is to obtain reasonable assurance about whether the financial statements and the accompanying supplementary schedules as a whole are free from material misstatement, whether due to fraud or error, and to express an opinion on the financial statements and the accompanying supplementary schedules from an independent standpoint in an audit report, based on our audit. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the financial statements and the accompanying supplementary schedules.

We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.
- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, although the purpose of the audit of the financial statements and the accompanying supplementary schedules is not to express an opinion on the effectiveness of the entity's internal control.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.
- Determine whether it is appropriate for management to prepare the financial statements and the accompanying supplementary schedules on the premise of a going concern and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the financial statements and the accompanying supplementary schedules in the audit report, or if the notes to the financial statements and the accompanying supplementary schedules pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the financial statements and the accompanying supplementary schedules to the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.
- Besides assessing whether the presentation of and notes to the financial statements and the accompanying supplementary schedules are in accordance with accounting principles generally accepted in Japan, assess the presentation, structure, and content of the financial statements and the accompanying supplementary schedules including related notes, and whether the financial statements and the accompanying supplementary schedules fairly present the transactions and accounting events on which they are based.

The auditor reports to the Audit & Supervisory Committee regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to the Audit & Supervisory Committee regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence and any safeguards that are in place to reduce or eliminate obstacles.

Interest

Our firm and engagement partners have no interests in the Company requiring disclosure under the provisions of the Certified Public Accountants Act of Japan.

Report of Audit & Supervisory Committee on Business Report and other issues, Consolidated Financial Statements and Non-Consolidated Financial Statements (Copy)

[English Translation of the Audit & Supervisory Committee Members' Report Originally Issued in the Japanese Language]

Audit Report

The Audit & Supervisory Committee has audited the performance of duties by Directors of Nippon Steel Corporation ("NIPPON STEEL") for the 98th fiscal year from April 1, 2022 to March 31, 2023. The Audit & Supervisory Committee hereby reports the method and result of its audit as follows:

1. Auditing Method and Details Thereof

The Audit & Supervisory Committee received explanations from the Directors and other relevant personnel on the details of the resolutions of the Board of Directors concerning matters listed in Article 399-13, Paragraph 1, Item 1 (b) and (c) of the Companies Act and the status of establishment and operation of the frameworks established based on such resolutions (hereinafter referred to as the "Internal Control System"), and scrutinized the explanations and expressed opinion thereon, and conducted an audit in the following manner. With respect to the internal control on financial reporting, each Audit & Supervisory Committee Member received a report on the assessment of such internal control and auditing thereof also from KPMG AZSA LLC and sought explanations as necessary.

- (1) In compliance with the standards for the Audit & Supervisory Committee's audits, which was established by the Audit & Supervisory Committee, and in accordance with auditing policy, the audit plan, and the assignment of duties, etc., the Audit & Supervisory Committee Members defined the status of establishment and operation of the Internal Control System and the status of promotion of various measures for the Management Plan as priority audit items, cooperated closely with the department in charge of internal audits, attended meetings of the Board of Directors, management meetings and other meetings, received reports from Directors, employees and other relevant personnel regarding the status of execution of their duties, sought explanations as necessary, inspected important documents, and examined the operations and financial position of NIPPON STEEL at the Head Office and Works of NIPPON STEEL. As for the subsidiaries of NIPPON STEEL, each Director and Audit & Supervisory Committee Member endeavored to keep communication and shared information with the Audit & Supervisory Board Members and other related personnel of the subsidiaries, and received reports from the subsidiaries regarding their businesses and sought explanations as necessary.
- (2) As for the Basic Policy on the Composition of Persons to Control Decision-Making over the Financial and Business Policies of NIPPON STEEL as described in the Business Report, each Audit & Supervisory Committee Member examined its contents based on discussions at the Meetings of Board of Directors and other relevant meetings.
- (3) The Audit & Supervisory Committee Members confirmed whether the Accounting Auditor maintained its independence and implemented appropriate audits, as well as received reports from the Accounting Auditor regarding the performance of its duties and sought explanations as necessary. The Audit & Supervisory Committee Members also received notification from the Accounting Auditor that system for ensuring appropriate execution of the duties of the Accounting Auditor has been prepared and sought explanations as necessary.

Based on the foregoing method, the Audit & Supervisory Committee Members reviewed the Business Report for this fiscal year and the supplementary schedules thereof, the non-consolidated financial statements for this fiscal year (non-consolidated balance sheet, non-consolidated statement of operations, non-consolidated statement of changes in net assets and the related notes) and supplementary schedules as well as the consolidated financial statements for this fiscal year (consolidated statements of financial position, consolidated statements of profit or loss, consolidated statements of changes in equity and the related notes).

- 2. Audit Results
- (1) Audit Results on the Business Report, etc.
 - 1) In our opinion, the Business Report and the supplementary schedules fairly represent NIPPON STEEL's condition in conformity with the applicable laws and regulations of Japan as well as the Articles of Incorporation of NIPPON STEEL.

- 2) We have found no evidence of misconduct or material facts in violation of the applicable laws and regulations, nor of any violation with respect to the Articles of Incorporation of NIPPON STEEL, related to performance of duties by the Directors.
- 3) In our opinion, the content of the resolutions of the Board of Directors regarding the Internal Control System is appropriate, and we have found no matters to remark in regard to the implementation thereof, including internal control on financial reporting. In addition, we have found no matters to remark in regard to the description in the Business Report relating to the internal control system.
- 4) We have found no matters to remark in regard to the Basic Policy on the Composition of Persons to Control Decision-Making over the Financial and Business Policies of NIPPON STEEL as described in the Business Report.
- (2) Results of Audit of the Non-Consolidated Financial Statements and Supplementary Schedules In our opinion, the method and the results of the audit used and conducted by KPMG AZSA LLC, the Accounting Auditor, are appropriate.
- (3) Results of Audit of the Consolidated Financial Statements In our opinion, the method and the results of the audit used and conducted by KPMG AZSA LLC, the Accounting Auditor, are appropriate.
