360° business innovation.

MITSUI & CO.

Dear Shareholders,

Thank you for your ongoing support to Mitsui & Co.

I hereby present the notice of convocation for the 107th Ordinary General Meeting of Shareholders.

The fiscal year ended March 2026, which marked the final year of the Medium-term Management Plan 2026, was a period in which the global business environment underwent significant change triggered by developments in the Middle East and other factors. Amid increasingly wider swings in the operating environment, we continued to strengthen the profitability of each business while ensuring thorough risk management. We have made further progress in strengthening our business portfolio through disciplined investments and the strategic recycling of assets. We were also able to generate robust cash flows and stable earnings and achieved strong results that surpassed the targets in our business plan.

Our new Medium-term Management Plan is built around the theme of “Shaping Futures – Trust and Innovation”. We will embark on the Plan in an environment that remains highly uncertain. Nevertheless, we will continue to strengthen our fundamental competitiveness through the newly defined Key Strategic Initiatives with a clear focus on the future. We will further develop our downside resilience through rigorous risk management and expand our business portfolio which has strong growth potential. Building on our cross-industry capabilities, we will promote innovation by integrating new technologies and AI with our business foundations. We remain committed to delivering realistic and sustainable solutions sought by our customers, as well as ensuring the long-term, stable supply of a broader range of products and services that meet customer needs.

On behalf of Mitsui & Co., I would like to ask for your continued support and encouragement.

May 2026

Kenichi Hori
Representative Director, President and Chief Executive Officer
Mitsui & Co., Ltd.

Information on Gift Drawing upon Exercising Voting Rights via スマート行使® (Smart Voting)

If you exercise your voting right via スマート行使® (smart voting) through 株主総会ポータル® (Shareholders' Meeting Portal) as outlined above or 株主パスポート® (Shareholders' Passport), an application provided by Sumitomo Mitsui Trust Bank, Limited, there is a questionnaire survey distributed via 株主パスポート® (Shareholders' Passport) for you to inform us of matters of concern prior to the Meeting. 3,000 individual shareholders, selected by drawing from among the shareholders who have responded to the questionnaire survey and have registered to 株主パスポート® (Shareholders' Passport)* will receive 3,000 Shareholders' Points, redeemable on 株主パスポート® (Shareholders' Passport).

* Please download 株主パスポート® (Shareholders' Passport) app, register as a member and register our shares therein.

Considerations regarding the gift drawing and handling of personal information

- Shareholders residing in Japan who have exercised their voting rights via スマート行使® (smart voting) are eligible for the gift drawing.
- Regardless of the number of voting rights held, entries will be limited to one for each shareholder who has exercised their voting rights via スマート行使® (smart voting).
- In lieu of an announcement of the winner, we will award Shareholders' Point to the winners' account of 株主パスポート® (Shareholders' Passport).
- The Company will utilize the entry information, names and addresses of shareholders, shareholder numbers and whether or not said shareholders have exercised voting rights via スマート行使® (smart voting), which have been provided by shareholders entering into the gift drawing and are necessary for the gift drawing (hereinafter referred to as the "Personal Information from Entering Shareholders"), for the purposes of the drawing, winner notifications and responding to inquiries in addition to compiling statistical information not specific to any individual in order to analyze the effect of the gift drawing (hereinafter referred to as the "Purposes"). The Company will not utilize the Personal Information from Entering Shareholders for any purposes other than the Purposes without the consent of the shareholders.
- The Personal Information from Entering Shareholders acquired through this gift drawing will not be disclosed to any third parties, except for Sumitomo Mitsui Trust Bank, Limited, which is the administrator of the register of shareholders and contractors (hereinafter collectively referred to as the "Relevant Disclosure Destinations") for the Purposes. By entering the gift drawing, we deem that you consent to providing Personal Information from Entering Shareholders to the Relevant Disclosure Destinations.

Information on Livestream

The Meeting will be livestreamed online (Japanese only) as follows for viewing at home or elsewhere. Livestream coverage of the Meeting venue will be limited to the area in the vicinity of chair and officer seating out of consideration for the privacy of those shareholders attending the Meeting. In some cases, however, images of shareholders in attendance may unavoidably appear in the live-stream footage. We appreciate your understanding in that regard.

1. Date and time of livestream	Wednesday, June 17, 2026, from 10:00 a.m. until the conclusion of the Meeting * The livestream screen will be accessible beginning at around 9:30 a.m. on the day of the Meeting.

Important considerations pertaining to the livestream of the General Meeting of Shareholders

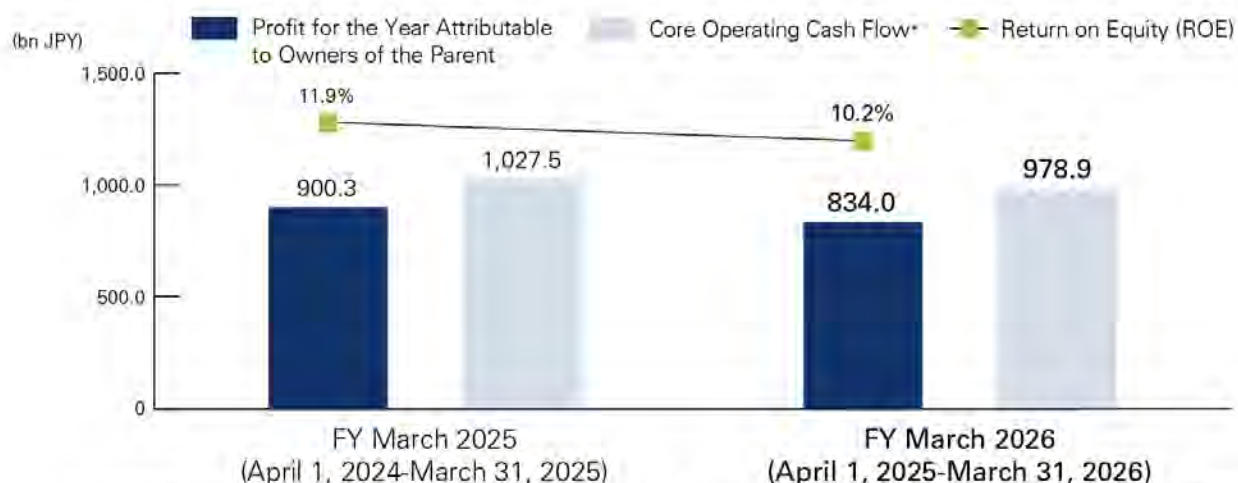

- Those viewing the Meeting via the livestream are not deemed to have attended the Meeting pursuant to the Companies Act of Japan and accordingly will not be able to exercise their voting rights on the day of the Meeting. As such, we ask that those viewing the proceedings via the livestream exercise their voting rights using the enclosed voting card or via the Internet, etc. prior to the Meeting.

- Please be aware that you may encounter issues regarding livestream video and audio due to factors that include the model, performance, etc. of your PC or smartphone, etc. or your Internet connection environment (line connection status, connection speed, etc.).
- The livestream may have video or sound issues, or be suspended temporarily due to system failure, the communications environment, etc. Furthermore, the Company assumes no responsibility whatsoever for any damage incurred by shareholders due to the communications environment, system failure, etc.
- The Company is making every effort to ensure the livestream of the Meeting. However, it may be stopped depending on the situation in the event that people are unable to participate due to some unforeseen matter, such as the deterioration of the communications environment, system failure, etc.
- The recording of sound, video or the publication of the proceedings of the livestream of the Meeting is prohibited as it may infringe on shareholders' portrait rights, etc.
- The Company limits access for viewing the livestream to shareholders only. It is strictly forbidden to share the shareholder ID and password for viewing the livestream with others.
- Shareholders are to assume responsibility for payment of telecommunications fees and other such costs incurred with respect to viewing the livestream.

Business Results Summary

Profit for the Year Attributable to Owners of the Parent / Core Operating Cash Flow

In the fiscal year ended March 2026, Profit for the Year Attributable to Owners of the Parent was 834.0 billion yen, a decrease of 66.3 billion yen from the fiscal year ended March 2025. Return on Equity (ROE) was 10.2%, 1.7 points down from the previous fiscal year. Core Operating Cash Flow was 978.9 billion yen, a decrease of 48.6 billion yen.

* Calculated by deducting outflows for repayments of lease obligation from cash flows from operating activities minus cash flows from changes in working capital.

Financial Condition

Total assets as of March 31, 2026 were 20,821.5 billion yen, an increase of 4,010.0 billion yen. Net interest-bearing debt (interest-bearing debt less cash and cash equivalents and time deposits) increased by 808.9 billion yen to 4,139.0 billion yen. Meanwhile, shareholder equity increased by 1,221.1 billion yen to 8,767.7 billion yen. As a result, the net debt-to-equity ratio (net DER) was 0.47 times, 0.03 points higher than the previous fiscal year-end.

*1 Figures in brackets are "Net interest-bearing debt"

*2 Total equity attributable to owners of the parent is noted as Shareholder equity

Proposed Resolutions and Related Information

Item 1: Distribution of Surplus

Our basic policy regarding the distribution of profits is to directly provide returns to shareholders by paying out dividends based on our highly recurring cash generation capabilities. During the Medium-term Management Plan period (the fiscal year ended March 2024 to the fiscal year ended March 2026), which includes the current fiscal year, we have maintained a progressive dividend policy, aiming to either maintain or increase dividends.

Under these policies, taking into consideration Core Operating Cash Flow and profit for the year attributable to owners of the parent in the fiscal year ended March 2026 as well as stability and continuity of the amount of dividend, we propose to pay a full-year dividend of 115 yen per share (including an interim dividend of 55 yen) with a year-end dividend of 60 yen per share.

(1) Type of Dividend Payment

Cash

(2) Matters Relating to the Dividend Payment and the Total Amount Distributed to Shareholders

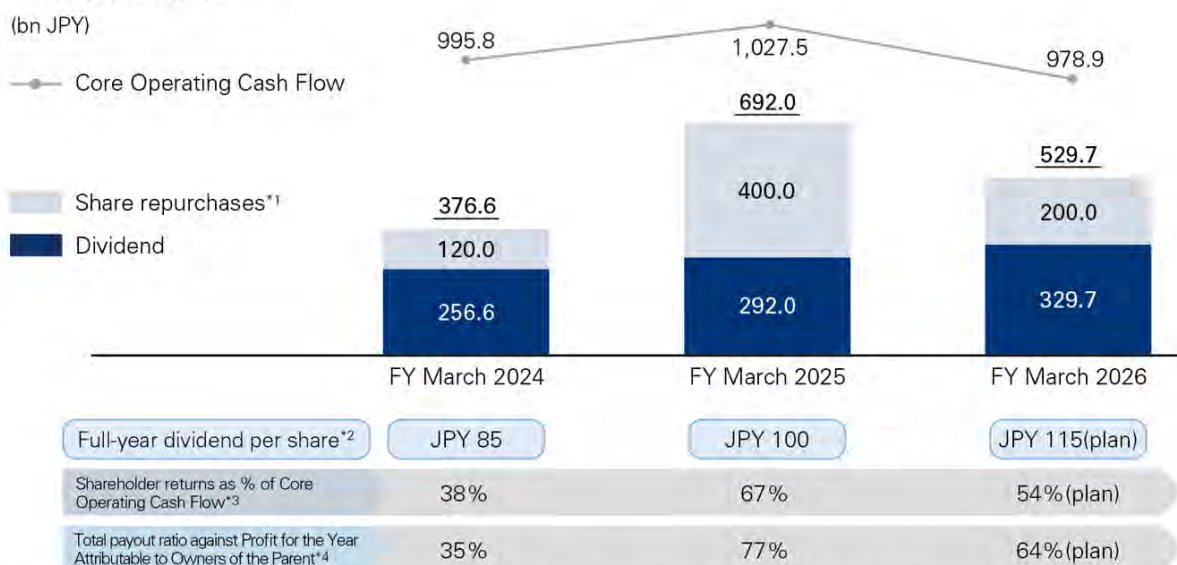

Payment of 60 yen per common stock, for a total amount of 170,857,704,660 yen

An interim dividend of 55 yen per share of common stock was paid in December 2025, which would result in a full-year dividend of 115 yen per share of common stock.

(3) Date the Distribution of Surplus Will Become Effective

June 18, 2026

Shareholder Returns

*1 The amount for FY March 2024 does not include a share repurchases for share-based compensation plan for employees of 19.2 billion yen.

*2 The full-year dividend per share for FY March 2024 has been retroactively adjusted due to the share split carried out in July 2024.

*3 Total payout amount divided by Core Operating Cash Flow

*4 Total payout amount divided by Profit for the Year Attributable to Owners of the Parent

Note: The year-end dividend per share and full-year dividend per share for the fiscal year ended March 2026 (the current fiscal year), were calculated based on the assumption that this Item will be approved as proposed.

Item 2: Election of Twelve (12) Directors

The terms of office for all the current twelve (12) Directors will expire at the conclusion of this Meeting. Therefore, the Company proposes to elect twelve (12) Directors. The Board of Directors has determined the following candidates for the Director positions. Each candidate has received confirmation from all members of the Nomination Committee, an advisory body to the Board of Directors, in which External Members comprise a majority, that they all fulfill the necessary requirements based on the selection criteria formulated by the Nomination Committee.

Note 1: Persons marked with an asterisk (*) are to be appointed as Representative Directors by the Board of Directors meeting after the conclusion of this Meeting, provided that this Item is approved. The members of the respective advisory committees are those that will be assigned assuming this Item is approved (◎: committee chair).

Note 2: The attribute of "New" indicates a candidate who is not currently serving as Director.

Note 3: "Independent" indicates that the candidate meets the independence criteria of the Tokyo Stock Exchange and the Company, and has been registered as an independent director. For information regarding the Appointment Standards for Directors and Audit & Supervisory Board Members and Criteria of Independence for External Directors or External Audit & Supervisory Board Members ("External Members") set by the Company, please refer to pages 62-64 of "Notice of the 107th Ordinary General Meeting of Shareholders" posted on the Company's website.

Note 4: Mr. Kazumasa Nakai's years of service as a director include the period from June 2022 to June 2024 during which he served as a director.

- Note 5: The age of each of the candidates is as of this Meeting.
- Note 6: The number of the Company's shares held by each person shown on and after page 15 is the figure as of March 31, 2026. Mr. Makoto Tanaka and Mr. Masaya Inamuro were granted the restricted ordinary shares of the Company on April 30, 2026, based on the tenure-linked restricted stock units granted to them during the period in which they were Managing Officers not concurrently serving as Directors.
- Note 7: There is no special interest between each of the candidates for Director and the Company.
- Note 8: The Company has entered into agreements with Mr. Samuel Walsh, Mr. Takeshi Uchiyamada, Ms. Masako Egawa, Ms. Fujiyo Ishiguro, Ms. Sarah L. Casanova, and Ms. Jessica Tan Soon Neo pursuant to Article 427, Paragraph 1 of the Companies Act of Japan, to limit their liability under Article 423, Paragraph 1 of the Companies Act of Japan to the minimum amount of liability as stipulated in Article 425, Paragraph 1 of the Companies Act of Japan. Upon approval of this Item, the aforementioned liability limitation agreements shall be continued to be effective.
- Note 9: The Company has executed a directors and officers liability insurance (D&O insurance) policy under Article 430(3), Paragraph 1 of the Companies Act of Japan, covering all Directors as the insured, with insurance companies. This insurance policy covers compensation for damages and litigation expenses, etc. borne by the insured due to claims for damage compensation arising from actions (including inaction) carried out by the insured in relation to the execution of their duties. The full amount of the insurance premiums for the insured is borne by the Company. Each of the Directors will be included as the insured under this insurance policy, provided that this Item is approved. The Company is scheduled to renew the insurance policy with the same details during their terms of office.

During this time, he showed managerial skills and made a significant contribution to the Company's growth. Since his appointment as Chair of the Board of Directors in April 2021, he has focused his efforts on external activities and on supervision of management and contributed to the operation of a highly effective Board of Directors. We have selected him as a candidate for another term as Director so that he may utilize his wide-ranging management experience and deep knowledge of corporate governance to strengthen the Company's governance. His role as Chair of the Board of Directors of the Company chiefly involves carrying out supervision of management. He will not concurrently serve as a managing officer and will not be involved in the execution of day-to-day business operations.</p>

The reasons for selecting the main areas of expertise and knowledge in the Skill Matrix are as follows.

- Corporate management: We form a cross-industry business cluster that provides *real solution* to complex social issues. Accordingly, knowledge, experience, and track record in corporate management, including development and promotion of company-wide strategies, are required.
- Global insight: In promoting business development globally, expertise and knowledge in economic/regional situations and trend in politics, in addition to global experience such as working overseas, are required.
- Risk management: Solid knowledge and experience are required in order to identify important risk by overlooking the various risks in the businesses, to manage such risks, and the safeguarding of company assets.
- Finance and accounting: Solid knowledge and experience in finance, accounting and tax matters are required for promoting growth investment for sustainable increase in corporate value, building a strong financial base, formulating a policy for shareholder returns, and ensuring stable operations.
- Innovation/DX: Knowledge and experience in advanced technology, and innovation are important in solving issues and creating new businesses in an increasingly complex world. Expertise and knowledge in leveraging DX-related knowledge of the entire Company are required to achieve efficiency from both offensive and defensive perspectives.
- Human resources strategy: Under our founding philosophy that “people” are sources of our sustainable value creation, we have consistently worked on acquisition and cultivation of human resources, and continuous human resources development and organizational development as the top priorities in management since our establishment, and related knowledge and experience are required.
- Environment/society: For deeper sustainability management, experience and knowledge related to responses to climate change, preservation of natural capital as well as human rights, supply chains and other matters are necessary.

The Skill Matrix does not present all of the expertise and knowledge possessed by the members of the Board of Directors (candidates). “Governance” shall be the foundation of all the skills and be included in “Corporate management”, “Risk management”, and other areas. Therefore, it is not set as an item of the matrix.

Item 4: Revision of Remuneration Amount for Directors

Regarding the maximum amount of stock-based remuneration for Directors (excluding External Directors) of the Company, at the 105th Ordinary General Meeting of Shareholders held on June 19, 2024, the maximum amount for performance-linked restricted stock-based remuneration was approved at an amount not exceeding 600 million yen per year (the maximum number of shares to be delivered of up to 300,000 shares per year), and the maximum amount for tenure-linked restricted stock-based remuneration was approved at an amount not exceeding 1.0 billion yen per year (the maximum number of shares to be delivered of up to 500,000 shares per year), and these plans remain in effect to this day. Recently, we have reviewed the maximum amounts of stock-based remuneration, taking into consideration the rise in the Company's share price and other factors, and as a result, we propose to revise the respective maximum amounts of stock-based remuneration as follows:

Maximum amount for performance-linked restricted stock-based remuneration: 1.8 billion yen per year
Maximum amount for tenure-linked restricted stock-based remuneration: 3.0 billion yen per year

Please note that this revision applies only to the maximum amount of stock-based remuneration, and the maximum number of shares to be delivered and other matters approved at the 100th Ordinary General Meeting of Shareholders held on June 20, 2019, the 103rd Ordinary General Meeting of Shareholders held on June 22, 2022, and the 105th Ordinary General Meeting of Shareholders held on June 19, 2024 remain unchanged. For details on the stock-based remuneration plan, please refer to pages 57-61 of the "Notice of the 107th Ordinary General Meeting of Shareholders" posted on our website.

We believe that the above revision is reasonable because the Remuneration Committee, which is an advisory body to the Board of Directors chaired by an External Director and in which External Members constitute the majority of members, has reported that the revision is appropriate. With this revision, we will further strengthen the commitment of the relevant Directors to improving medium- to long-term performance and enhancing corporate value, while also promoting greater value sharing from the same perspective as our shareholders.

Note: If Item 2 "Election of Twelve (12) Directors" is approved as proposed, the number of eligible Directors will be six (6). Furthermore, if this Item is approved, the method of individual payment, etc. to each Director will be determined by the Board of Directors based on the deliberations of the Remuneration Committee and in accordance with the policy governing the determination of remuneration, etc. of individual Directors.

(Reference) Corporate Governance Structure

At the Board of Directors, which serves as the highest authority for execution of business and supervision of management, the Company actively incorporates the perspectives of External Directors and External Audit & Supervisory Board Members, places emphasis on the oversight of management, and conducts advanced and highly effective discussions. In addition to diversity in terms of gender and international background, the Board engages in open and frank discussions on decision making related to individual business matters and portfolio strategy, as well as medium to long term issues and growth strategies that take into account the management environment, including geopolitical risks, reflecting the opinions of External Directors who have experience in top class corporate management in Japan and overseas and possess deep expertise in finance, innovation, and digital transformation.

- At the Board of Directors, the Company resolves and receives reports on basic policies concerning the management of the Company, important matters related to business execution, matters authorized by resolutions of the General Meeting of Shareholders, and matters stipulated by laws and regulations and the Articles of Incorporation. The Board of Directors is, in principle, held once a month, and is also convened on an ad hoc basis as necessary.

During the fiscal year ended March 31, 2026, the Board of Directors was held a total of 11 times, and agenda items were set in a balanced manner on topics including individual business matters, company-wide strategy incorporating portfolio strategy and risk management, investment policy, sustainability, internal control, occupational health and safety and well-being, and compliance etc. In particular, in formulating Medium-term Management Plan 2029, which was announced in May 2026, discussions among Board members, including free discussions, were repeatedly conducted from the grand design stage, and the plan was finalized by reflecting the opinions and insights obtained through those discussions. In addition, with respect to matters that are important to the Company's management, multiple rounds of deliberation are conducted at meetings of the Board of Directors. Furthermore, individual briefings are provided to External Members, and the progress of important matters is reported and shared as appropriate, thereby providing opportunities to deepen their understanding of the Company's businesses and management.

Matters submitted for resolution and reported to the Board of Directors related to sustainability, risk management and other such areas are as follows.

(Reference) Sustainability Management and Governance

The Company regards sustainability as an important management issue and promotes related initiatives under the supervision of the Board of Directors and the leadership of the Executive Committee. The Sustainability Committee, as a subcommittee of the Executive Committee, plans, drafts and proposes basic management policies, business activities and corporate policies and strategies relating to sustainability. The Sustainability Committee is chaired by the Chief Strategy Officer (CSO) and includes as members the Chief Human Resources Officer (CHRO), Chief Financial Officer (CFO) and General Counsel (GC), as well as General Managers of related Corporate Staff Unit and appointed Chief Operating Officers. Audit & Supervisory Board Member participates as an observer. Company-wide policies and actions related to environmental and social risks, including climate change and business and human rights, are discussed at the Sustainability Committee and are regularly submitted and reported to the Executive Committee and the Board of Directors. The sustainability management promotion structure and major items resolved and reported to the Board of Directors are as follows.

(Reference) Businesses Related to Climate Change

1. Climate Change-Related Targets

The Company has established achieving net zero emissions as its Vision for 2050. The Company has set the following four interim targets as the pathway to achieving the goal, and is promoting various initiatives, including reduction of greenhouse gas (GHG) emissions. The targets and their progress are as follows.

 Climate Change Target and its Progress ^{*1}	(Unit: Millions of tons)		
	FY Mar 20 actual	FY Mar 26 ^{*2}	2030 Target
GHG Impact ^{*3} (Scope 1+2+3 Category 15)	34	24	17
Gross GHG emissions ^{*4} (Scope 1+2+3 Category 15)	44	29	31
Mitsui & Co. and its subsidiaries ^{*5} (Scope 1+2)	0.8	0.6	0.4
Renewable energy ratio (Power generation business)	14%	35%	30+%

^{*1} From FY March 2026, the aggregation scope of Scope 3 Category 15 has been expanded to cover all general investment business. In addition, emissions associated with the use of time charters by Mitsui & Co. on a non-consolidated basis, which were previously reported under Scope 3 Categories 4 and 9, are scheduled to be reported as Scope 1 actuals from FY March 2026. However, as these emissions were outside the aggregation scope in the base year and retrospective calculation is not feasible, they are excluded from each target boundary and are monitored separately from target progress management.

^{*2} Outlook as of April 2026

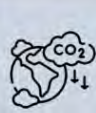

^{*3} Scope 1 and Scope 2 (including unincorporated joint ventures) and Scope 3 Category 15, after deducting the Reduction Contribution. Baseline emissions include the expected increase in emissions during normal operations after commencement of operations for thermal power generation projects for which a Final Investment Decision (FID) had been made as of FY March 2020.

^{*4} Scope 1 and Scope 2 (including unincorporated joint ventures), and Scope 3 Category 15.

^{*5} Scope 1 and Scope 2 (excluding unincorporated joint ventures).

2. Initiatives to Reduce GHG Emissions

The Company recognizes that it has proactively promoted initiatives at an early stage in business domains that contribute to emissions reduction and reduction contribution, and has created and advanced businesses in collaboration with partners over many years to date. The Company has worked to reduce its carbon intensity by reshaping its business portfolio through measures such as divesting power generation assets and investing in renewable energy. By leveraging the Company's strengths and steadily progressing the development of low-carbon fuels and the decarbonization of individual projects, the Company will contribute to decarbonization across society as a whole.

2030 Interim Targets	Past Initiatives	Future Initiatives
 Gross GHG emissions 30% reduction	<ul style="list-style-type: none"> Divestment of power generation assets e.g. Indonesia: Paiton (coal) Canada: Ontario (gas) Qatar: Ras Laffan (gas) 	<ul style="list-style-type: none"> Promotion of further GHG reduction initiatives in collaboration with business partners e.g. Tangguh LNG CCUS^{*1} in Indonesia (bp), Comprehensive decarbonization initiatives (Rio Tinto) Continue asset recycling

 Scope 1+2 GHG emissions (Mitsui & Co. and its consolidated subsidiaries) Halve	<ul style="list-style-type: none"> Promotion of emissions reduction initiatives with a focus on Scope 2 emissions 	<ul style="list-style-type: none"> Enhancement of GHG reduction initiatives at consolidated subsidiaries in Japan in collaboration with "e-dash"^{*2} 

^{*1} Carbon Capture, Utilization and Storage

^{*2} A wholly owned consolidated subsidiary of the company engaged in the development and operation of the GHG visualization and reduction service platform "e-dash."

The Company conducts scenario analysis on both transition risks and physical risks from the perspective of climate change. By carrying out qualitative and quantitative assessment of businesses affected by increased climate-related severity and the tighter regulations, the Company will strengthen its evaluation of medium- to long-term risks and opportunities and develop more effective response measures.

In Medium-term Management Plan 2029, which covers the period from the fiscal year ending March 31, 2027 to the fiscal year ending March 31, 2029, the Company has positioned “Global Energy Transformation 2.0” as one of its Key Strategic Initiatives. The Company will continue to pursue *real solutions* through its businesses from both the perspectives of optimal energy supply and climate change response building on the initiatives of the previous medium-term management plan, Medium-term Management Plan 2026.

(Reference) Initiatives Related to Business and Human Rights

The Company conducts businesses globally and recognizes that it must make efforts to respect human rights not only within the Company itself but also across its operating companies and supply chains. Based on the view that consideration for human rights in accordance with international standards forms the foundation of sustainability management, the Company implements various initiatives that position respect for human rights as one of its most important corporate priorities.

Specifically, the Company manages sustainability-related risks throughout its operating companies and supply chains from both perspectives: items common to all businesses (breadth) and items tailored to the characteristics of each business (depth). For example, in the fisheries business, the Company assesses environmental and social risk status based on its sustainability due diligence (DD) checklist and environmental and social risk heat maps.

In addition, from April 2026, the Company expanded corrective and remedial measures (grievance mechanisms) to accept complaints related to sustainability issues from all stakeholders, including those in the supply chain, and, as a more fair and effective framework, joined the Japan Center for Engagement and Remedy on Business and Human Rights (JaCER) and introduced the platform provided by that organization.

Business Report (April 1, 2025, to March 31, 2026)

Current Status of the Company

I. Operating Environment

In the fiscal year ended March 31, 2026, the global economy saw a gradual pick up, supported by a surge in capital investment related to AI, despite downward pressure from US tariff policies. However, toward the end of the fiscal year, transit restrictions in the Strait of Hormuz stemming from a deterioration in the situation in the Middle East led to disruptions in the supply of energy and other resources, causing a rapid intensification of concerns about an economic slowdown.

In the US economy, although employment growth slowed, consumer spending remained relatively firm due to the wealth effect from rising stock prices, and capital investment—particularly in AI-related areas—increased, resulting in a continued recovery.

The European economy showed signs of an overall recovery. While stagnation persisted in Germany, Southern European countries such as Spain performed well.

In the Chinese economy, exports grew to markets other than the US, but with the real estate market remaining sluggish, domestic demand including consumption was weak, and overall performance remained subdued.

The Japanese economy saw steady consumer spending and capital investment, and the economy was steadily recovering. However, toward the end of the fiscal year, consumer sentiment deteriorated rapidly in response to rising tensions in the Middle East, and signs of a change in momentum emerged.

Crude oil prices had been softening through the last year with an increase in oil production and the sluggish growth of China, before it surged towards the end of the fiscal year due to a severe disruption of oil supply out of the Persian Gulf.

The Japanese yen appreciated to around 140 against the US dollar at the start of the fiscal year due to concerns over high rates of US tariffs on imports from Japan. Since the resolution of the negotiations between Japan and the United States regarding the US tariffs in summer, the yen began to weaken and with heightened concerns of fiscal sustainability, it fell to nearly 160 against the US dollar by the end of the fiscal year.

III. Review of Medium-term Management Plan 2026

Over the three years of Medium-term Management Plan (MTMP)2026, *Creating Sustainable Futures*, amid significant changes in the external environment, we worked to strengthen existing businesses, improve efficiency and execute turnarounds, and develop new businesses. By steadily advancing each initiative, we enhanced base profit and were able to expand our global and high-quality business portfolio.

As a result, for the fiscal year ended March 2026, profit (attributable to owners of the parent; hereinafter used with the same meaning, including in figures) reached 834.0 billion yen, Core Operating Cash Flow (COCF) reached the 1 trillion yen level for the fifth consecutive fiscal year, and ROE averaged 12.5% over the three-year period. Shareholder returns as a percentage of COCF is forecasted* to exceed 53%.

* This is based on the assumption that Item 1, "Distribution of Surplus," is approved as proposed at the 107th Ordinary General Meeting of Shareholders.

(JPY)	Targets	MTMP2026 results	FY March 2024	FY March 2025	FY March 2026

* Dividend per share

The three Key Strategic Initiatives defined in MTMP2026 also progressed steadily. Toward the next stage of growth, we executed approximately 2.4 trillion yen in investments for growth, including projects such as the acquisition of interest in the Rhodes Ridge iron ore project in Australia, one of the world's largest undeveloped iron ore deposits. In addition, capital generated in excess of the initial plan through flexible asset recycling and other inflows were allocated in a well-balanced manner between investments for growth and shareholder returns, including dividends and share repurchases. Through this approach, we improved our business portfolio and strengthened shareholder returns.

IV. Issues to Be Addressed by the Group

1. Medium-term Management Plan 2029

(1) Our Vision

In addition to the materialization of geopolitical risks, ongoing changes driven by the environment and energy, lifestyles, and new technologies have resulted in an uncertain business environment. Under these conditions, we continue to evolve our global portfolio, enhance integrated risk management, and pursue ongoing transformation of our business model through innovation. By providing *real solutions* to social challenges and ensuring the stable supply of products and services tailored to customer needs, we will fulfill our role in society and contribute to building brighter futures around the world.

We recently formulated MTMP2029, *pathway to 2030 and beyond, shaping futures through trust and innovation*. This plan sets out the pathway for the next three years toward realizing our medium- to long-term vision for 2030 and beyond. Based on a reproducible value creation framework, we will continue to enhance the quality of our portfolio while combining our professional talent with AI's exploratory power to realize *nonlinear combinatory value*. Through this, we aim to establish a virtuous cycle between enhancing corporate value and tackling social challenges earning trust from stakeholders.

(2) Quantitative Targets for Medium-term Management Plan 2029 and Vision for 2030

For the fiscal year ending March 2029, we have set record-high targets of COCF of 1.2 trillion yen, profit (attributable to owners of the parent; hereinafter used with the same meaning, including in figures) of 1.1 trillion yen, and ROE of 12%. We are targeting shareholder returns as a percentage of COCF at the 50% level for the MTMP2029 period.

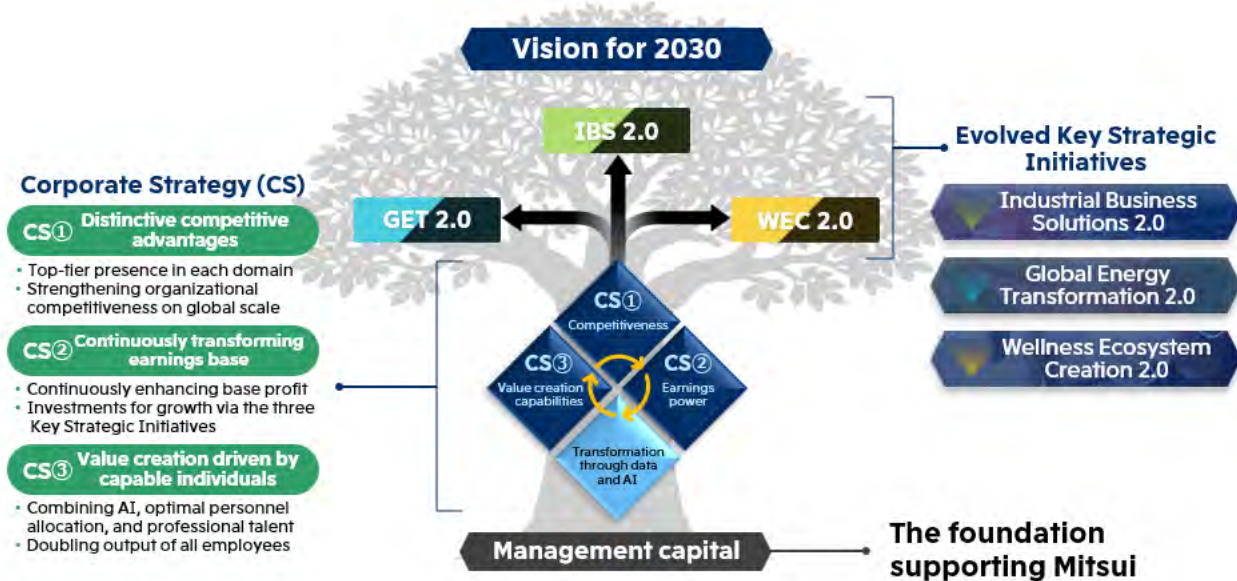

As our vision for 2030, we aim to achieve profit exceeding 1.4 trillion yen and ROE exceeding 13%.

(3) Pathway to 2030 and Beyond

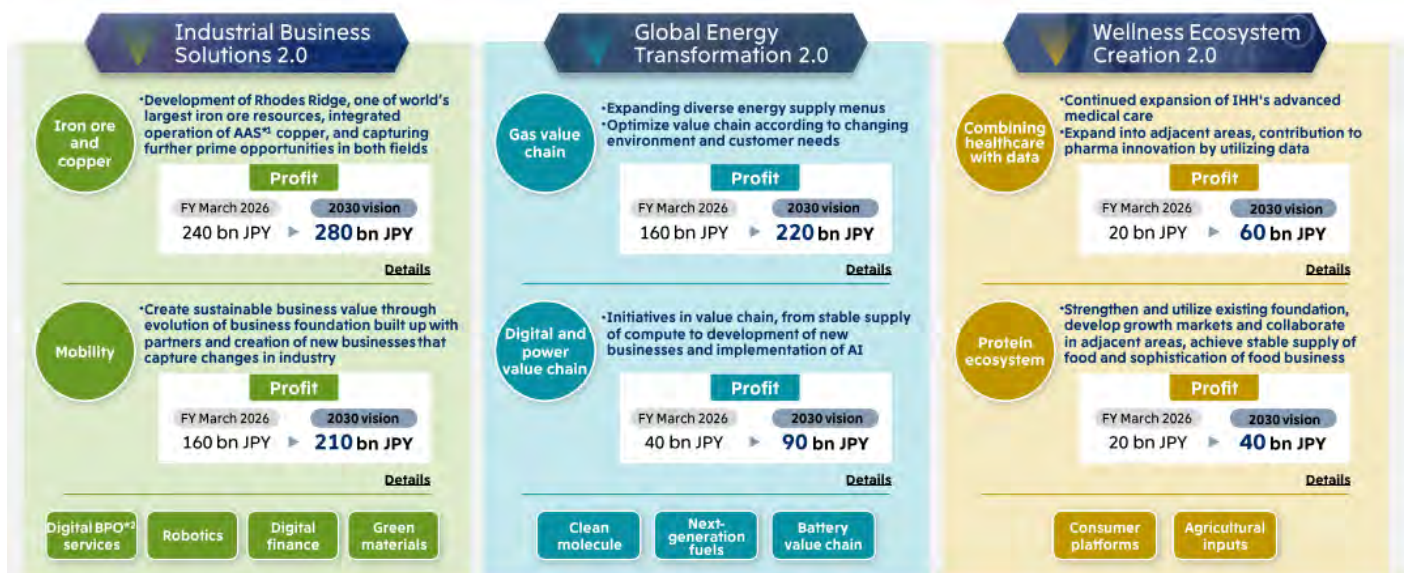

In MTMP2029, we have newly defined our Corporate Strategy around three pillars: *distinctive competitive advantages*, *continuously transforming earnings base*, and *value creation driven by capable individuals*. Based on the evolved Key Strategic Initiatives described below, we aim to realize our vision for 2030.

To support these efforts, we have identified *sustainability management*, *wellbeing and health & safety*, and *HR strategy* as priority themes, and will continue to strengthen our management foundation over the long term.

(4) Evolved Key Strategic Initiatives

We will evolve the three Key Strategic Initiatives defined in MTMP2026 to achieve further growth. Under Industrial Business Solutions 2.0, we will expand stable supply platforms in the iron ore and copper domains, capture additional high-quality opportunities, evolve our business foundation in mobility and create new businesses by capturing structural shifts in industry. Under Global Energy Transformation 2.0, we will advance initiatives across the entire value chain, from the supply of energy to the provision and utilization of compute, while optimizing energy supply to meet increasingly diverse needs. Under Wellness Ecosystem Creation 2.0, we will pursue new domains such as drug discovery support by leveraging data accumulated through our hospital business, while further strengthening our protein business group and expanding into adjacent areas.

For details, please refer to the *Medium-term Management Plan 2029* section of our website. (URL: <https://www.mitsui.com/jp/en/company/outline/management/index.html>)

(5) Capital Allocation

In an uncertain business environment, we will secure a wide range of management options and allocate capital in a strategic and dynamic manner. In addition to a robust COCF base, we will further enhance asset value through evolved *middle-game* initiatives and expand the Management Allocation by executing flexible and timely asset recycling. While taking into account long-term capital efficiency and financial soundness, we will allocate capital to highly competitive investments for growth and shareholder returns.

* The Management Allocation refers to funds allocated strategically to investments for growth and shareholder returns.

* Policy in which the dividend is maintained or increased

(6) Shareholder Returns Policy

Our basic policy is to return capital directly to shareholders through dividends based on our highly-recurring cash generation capability, while also executing share repurchases flexibly. Over the three years of MTMP2026, we steadily enhanced base profit and strengthened the foundation supporting sustainable growth. Reflecting this expansion, under MTMP2029 we will continue a progressive dividend policy, maintaining or increasing dividends, with a minimum full-year dividend of 140 yen per share, representing our largest-ever increase of 25 yen per share.*

In addition, we assume that cumulative shareholder returns as a percentage of COCF, including dividends and share repurchases, will be at the 50% level for the three-year period of MTMP2029.

* This is based on the assumption that Item 1, "Distribution of Surplus," is approved as proposed at the 107th Ordinary General Meeting of Shareholders.

¹ Dividend per share: The DPS figures up to FY March 2024 have been retroactively adjusted due to the share split carried out in July 2024. ² Total payout amount divided by COCF. ³ Continuation of progressive dividend policy for MTMP2029 (FY March 2027-2029) in which the DPS is either maintained or increased.

2. Forecast for the Year Ending March 31, 2027 (The 108th Fiscal Year)

The forecast of profit (attributable to owners of the parent) for the fiscal year ending March 31, 2027 is 920 billion yen, an increase of 86 billion yen from the previous fiscal year. The forecast of COCF is 1.05 trillion yen, an increase of 71.1 billion yen from the previous fiscal year.

This forecast is based on commodity price assumptions that anticipate normalization of the Middle East situation by Q2 of FY March 2027.

The forecast of profit (loss) (attributable to owners of the parent) for the fiscal year ending March 31, 2027 by operating segment is as follows:

(1) Overview of Remuneration for Directors and Audit & Supervisory Board Members

The Company has established the policy for determining the remuneration, etc. of individual Directors by resolution of the Board of Directors, following deliberation by and report of the Remuneration Committee. The remuneration for Directors of the Company is comprised of basic fixed remuneration, results-linked bonuses based on important management indicators for the Company, and performance-linked restricted stock-based remuneration and tenure-linked and restricted-stock-based remuneration as medium- to long-term incentive remuneration. From the perspective of respecting the independence of External Directors and Audit & Supervisory Board Members who are independent from business execution, the External Directors and Audit & Supervisory Board Members are not eligible for the results-linked bonuses or stock-based remuneration.

The Company's Remuneration Committee, chaired by an External (Independent) Director, discusses the remuneration system for Directors and Audit & Supervisory Board Members, and examines the appropriateness of the level, proportions, etc. of fixed remuneration, results-linked bonuses, and medium- to long-term incentive compensation based on trends at other companies and then reports such examination as well as the appropriateness of claw back provision to the Board of Directors, among other measures, in order to emphasize transparency in the determination of Directors' and Audit & Supervisory Board Members' remuneration. Regarding the remuneration, etc. of individual Directors for the year ended March 31, 2026, after receiving the report of the Remuneration Committee, the Board of Directors has confirmed that the contents of the determined remuneration, etc. are consistent with the applicable policy and has judged that they are in line with such policy.

(2) Calculation Method for Variable Remuneration

(i) Results-linked bonuses [Monetary] [Short-term incentive]

Operating diverse businesses, the Company emphasizes the consolidated profit for the year (attributable to owners of the parent) and Core Operating Cash Flow as common performance indicators, and references these when determining the dividend policy. Directors' bonuses are calculated using the following formula, which is linked to these performance indicators, and are paid once a year in cash.

Amount individually paid = {(Consolidated profit for the year (attributable to owners of the parent) x 50% x 0.12%) + (Core Operating Cash Flow x 50% x 0.12%)} x Coefficient corresponding to the position of the relevant Director (%)

Position	Chair	President	Executive Vice President	Senior Executive Managing Officer	Executive Managing Officer
Coefficient	13.6	27.1	9.5	8.2	6.8

Note 1: The upper limit for the total payment amount is set at 1.5 billion yen and if the consolidated profit for the year (attributable to owners of the parent) is negative, i.e., loss, or if the Core Operating Cash Flow is negative, i.e., net cash outflow, this negative item will be calculated as 0.

Note 2: The actual results of each performance indicator related to the results-linked bonuses for the year ended March 31, 2026 are as follows:

Consolidated profit for the year (attributable to owners of the parent): 834.0 billion yen

Core Operating Cash Flow: 978.9 billion yen

(ii) Performance-linked restricted stock-based remuneration [Stock] [Long-term incentive]

As an incentive to fulfill the Company's social responsibilities and continuously improve its medium-term performance and corporate value, the Company's common stock, with an established transfer restriction period, are delivered ex post according to the level of achievement of the Company's key management indicators as of the end of the evaluation period. The evaluation period is three fiscal years, and the evaluation period is the three fiscal years immediately preceding the granting year, and the common stocks are granted every fiscal year (Three-Year Rolling Period).

For the performance indicators during the evaluation period from the fiscal year ended March 2024 to the fiscal year ended March 2026 (this Evaluation Period), to promote the balance between enhancing shareholder value in the medium to long term and fulfilling social responsibility, as the management indicators that the Company focuses on, the Company selects ROE and ESG elements, including the response to climate change, and the amount of remuneration varies within a range from 80% to 120% in principle according to the level of achievement of each indicator for the targets established by the Company. This system was introduced in the fiscal year ended March 31, 2023, and the final evaluation

for this Evaluation Period that ended March 31, 2026, was as described below. Considering the accelerating pace of change in the surrounding global business environment, the Company needs to constantly review the management indicators, etc. that the Company must focus on. Accordingly, the appropriateness of the management indicators, targets, etc., the progress in achieving them and other related matters are regularly reviewed by the Remuneration Committee and the Board of Directors and are revised as necessary. In addition, during the evaluation period, the Company will not provide this stock-based remuneration if the Board of Directors determines that the provision of the stock-based remuneration would be inappropriate, particularly in the event of a mishap or impropriety deemed critical from the perspective of the Company's key management indicators (claw back provisions).

Note 1: The evaluation plan for both ROE and ESG elements will be formulated after comprehensive consideration of the performance of each indicator during the three-year evaluation period, as well as the progress of matters related to each indicator.

Note 2: The ratios of ROE and ESG elements are set at 70%:30% (10% each for E, S, and G) for the fiscal year ended March 2024 and the following fiscal years.

The calculation method for the number of ordinary shares to be delivered and results for performance-linked remuneration conditions for this Evaluation Period are as follows. The final score, payment ratio, and number of shares delivered are determined after receiving a report from the Remuneration Committee, and after comprehensive consideration of factors including the degree of achievement by the Board of Directors in the evaluation period and progress in matters related to each indicator (payment amounts ranged from 80% to 120% in principle, based on the final score).

Final score	98
--------------------	-----------

The final score of 98 corresponds to a payout ratio of 90%, and shares of common stock calculated by multiplying the number of shares designated according to rank by a payout ratio of 90% will be delivered.

Scores for each element are as follows.

	Score	Supplementary explanation of scores
ROE	97	Throughout the evaluation period, ROE was in line with the externally announced target
E element	96	Progress toward achieving the reduction targets for Scope 1 and 2 for the Company (non-consolidated) and consolidated subsidiaries, excluding unincorporated joint ventures, as well as for total GHG emissions (Scope 1 and 2 including unincorporated joint ventures, and Scope 3 Category 15). Continued initiatives toward achieving the targets for GHG impact.
S element	90	The Mitsui Engagement Survey results are improving steadily. Continued initiatives toward zero fatal accidents and a reduction in serious injury accidents with respect to Health & Safety (H&S).
G element	113	Evaluated highly for initiatives aimed at enhancing the effectiveness of governance

Note: For eligible persons who have already retired as Directors at the point at which shares are delivered, a cash amount equivalent to the value of the shares may be paid by resolution of the Board of Directors.

Restricted stock remuneration

Furthermore, eligible Directors for stock-based remuneration (“Eligible Directors”) will receive the issuance or disposal of the shares based on the performance-linked and restricted-stock-based remuneration (stock-based remuneration (variable)) and tenure-linked and restricted-stock-based remuneration (stock-based remuneration (fixed)) (collectively the “System”) in exchange for the in-kind investment of their full entitlement to receive monetary remuneration of the target business year based on the resolution of the Company’s Board of Directors. The total number of common stocks that will be newly issued or disposed to Eligible Directors by the Company under the System will be no more than 300,000 per year for performance-linked and restricted-stock-based remuneration and 500,000 per year for tenure-linked and restricted-stock-based remuneration (however, this number may be changed within reasonable limits if the Company’s common stocks are affected by a share split (including a free allotment of new common stocks in the Company) or a reverse share split after the date on which this Item is approved, or if other circumstances arise that necessitate adjustments to the total number of the Company’s common stocks that are issued or disposed of as restricted shares). The paid-in amount per share will be determined by the Board of Directors based on the average daily closing price for the Company’s common stocks on the Tokyo Stock Exchange (excluding days on which there is no closing price, with the price to be rounded up to the nearest whole yen) in the three months immediately prior to the month containing the date of the Board of Directors’ resolution concerning issuance or disposal of the shares, within a range that is not especially advantageous to the Eligible Directors. The issuance of shares under the System is conditional on the Company and the Eligible Directors entering into allocation agreements for the granting of the shares (the “Allocation Agreements”) in principle. An outline of the System, including the terms of the Allocation Agreements, is provided below and other matters shall be determined by the Board of Directors.

■Restriction on transfer

The Eligible Directors will be unable to transfer, pawn, or otherwise dispose of the shares for a period of 30 years from the pay-in date (the “Restriction on Transfer Period”). However, the restriction on disposal will be lifted if an Eligible Director retires as a Director and Managing Officer of the Company before the end of the Restriction on Transfer Period.

■Grounds for acquisition without compensation and extinction of rights (Claw back provisions)

The Company will extinguish all or part of the right to receive performance-linked and restricted-stock-based remuneration and tenure-linked and restricted-stock-based remuneration and acquire without compensation all or part of the shares based on the System of an Eligible Director who engages in actions that contravene laws and regulations during the Restriction on Transfer Period, or on other grounds as stipulated in the Allocation Agreement.

(3) Composition of Director Remuneration

The Company's Director remuneration is to consist of: (1) fixed remuneration (basic remuneration) and (2) results-linked bonuses (short-term incentive) as monetary remunerations, and (3) restricted stock remuneration (medium- to long-term incentive) as restricted-stock-based remuneration. The remuneration of Representative Director, President and Chief Executive Officer currently consists of a roughly 3:2 mix of monetary remuneration to restricted-stock-based remuneration, and a roughly 1:2:2 mix of basic remuneration, short-term incentive, and medium- to long-term incentive.

(Reference) Share Ownership Guidelines

We have introduced the Share Ownership Guidelines applicable to the Eligible Directors. In the Share Ownership Guidelines, we set goals regarding ownership of the Company's shares as follows: Ownership of the Company's shares equivalent to five times the basic remuneration (annual amount) for the Representative Director, President and Chief Executive Officer, and equivalent to three times the basic remuneration (annual amount) for the other Eligible Directors. The sale of shares is restricted if these ownership goals have not been met.

As stated below, with respect to the remuneration for Directors and Audit & Supervisory Board Members, approvals have been given by resolutions of the General Meeting of Shareholders on the maximum amount and that the individual amounts shall be determined by the Board of Directors within their respective maximum amounts. The maximum amounts of Directors' Stock-based Remuneration (variable) and Stock-based Remuneration (fixed) are subject to the approval of Item 4 "Revision of Remuneration Amount for Directors" as proposed.

	Basic Remuneration		Results-linked Bonuses	Stock-based Remuneration (variable)	Stock-based Remuneration (fixed)

Eligibility for payment	Directors	Audit & Supervisory Board Members	Directors (excluding External Directors)	Directors (excluding External Directors)	Directors (excluding External Directors)
Number of the recipients (at the conclusion of the resolution of General Meeting of Shareholders)	14	5	9	6	6

The remuneration of the Company's Directors and Audit & Supervisory Board Members regarding the year ended March 31, 2026, is as follows:

	Number of Recipients	Basic Remuneration	Results-linked Bonuses	Stock-based Remuneration (variable)	Stock-based Remuneration (fixed)	Total Remuneration Paid Relating to the Year Ended March 31, 2026
Directors (Excluding External Directors)	8	JPY595 million	JPY828 million	JPY564 million	JPY504 million	JPY2,491 million
Audit & Supervisory Board Members (Excluding External Audit & Supervisory Board Members)	2	JPY192 million	-	-	-	JPY192 million
External Directors	6	JPY183 million	-	-	-	JPY183 million
External Audit & Supervisory Board Members	4	JPY90 million	-	-	-	JPY90 million
Total	20	JPY1,060 million	JPY828 million	JPY564 million	JPY504 million	JPY2,956 million

Note 1: The above includes Directors and Audit & Supervisory Board Members who retired from office in the year ended March 31, 2026.

Note 2: The results-linked bonuses above show the expected payment amount. The actual amount paid is determined using a formula decided by the Board of Directors based on discussions by the Remuneration Committee (please refer to page 57).

Note 3: The stock-based remuneration (variable) above shows the amount recognized as expenses during the year ended March 31, 2026 because the evaluation period for the performance-linked restricted stock-based remuneration contains three fiscal years and the amount has not been determined at this time. A difference of 98 million yen arose between the stock-based remuneration (variable) for previous fiscal years and the total amount of remuneration, etc. disclosed in the Annual Securities Report; however, this amount is not included in the table above.

Note 4: The stock-based remuneration (fixed) above shows the amount recognized as expenses during the year ended March 31, 2026, of the expenses related to tenure-linked and restricted-stock-based remuneration to be allotted to six Directors (excluding External Directors).

Note 5: In addition to the above amounts, a total of 282 million yen was paid to 65 retired Directors (excluding External Directors), and 29 million yen to nine retired Audit & Supervisory Board Members (excluding External Audit & Supervisory Board Members), as pensions (representing payments determined prior to the abolition of such systems).

Note 6: Neither Directors nor Audit & Supervisory Board Members receive payment of special retirement compensation.

Note 7: Each Director (excluding External Director) is required to purchase Mitsui's shares with his or her monthly remuneration but less than 2.0 million yen through the Mitsui Executive's Shareholding Association.

Note 8: Amounts are rounded to the nearest 1.0 million yen.

Note 9: None of the above Directors or Audit & Supervisory Board Members receive remuneration, etc. as directors or audit & supervisory board members from Mitsui's consolidated subsidiaries.

3. Appointment Standards for Directors and Audit & Supervisory Board Members and Criteria of Independence for External Members

(1) Appointment of Directors

- (i) Mitsui selects candidates for positions of Director considering the following appointment standard for Directors.
- Person with excellent overall character who possesses qualities valuable for the management of Mitsui
 - Person possessing both strong leadership skills and high moral caliber and with law-abiding spirit and a strong intention to contribute to public interest
 - Person with no health concerns for the execution of duties
 - Person possessing capability for smooth performance as a Director of “decision-making related to the execution of operations of the Company” and “oversight of the execution of duties by Directors” to be conducted by the Board of Directors
 - Person excelling in capability, foresight and insight to make best judgment for the Company strictly in compliance with duty of care of a good manager and duty of loyalty expected of a Director and in accordance with the “business judgment rule”
- (ii) Selection of candidates for positions of Director is conducted after confirmation is obtained from the Nomination Committee that the necessary requirements based on the selection processes and the appointment standard for Directors established by the Nomination Committee are fulfilled.

(2) Appointment of External Directors

- (i) Mitsui has decided that as the appointment standard for External Directors, the prospective person’s extensive business experience and knowledge are required to deliberate on such Board of Directors meeting proposals as investments and loans, and knowledge of his or her particular area of business is used.
- (ii) Mitsui has decided that in selecting candidates for the positions of External Director, it puts great value on ensuring their independence from Mitsui in the pursuit of their management oversight functions. Also, with a view to overseeing business operations in a way that reflects the standpoint of our diverse stakeholders, Mitsui takes into consideration the field from which candidates originate, along with their gender.

Given that Mitsui is a general trading company with extensive business dealings, it has been decided to make appropriate efforts by the Board of Directors to handle with likely conflicts of interest involving the prospective External Director in individual transactions with external parties.

(3) Appointment of Audit & Supervisory Board Members

- (i) Mitsui selects candidates for positions of Audit & Supervisory Board Member giving consideration to the following appointment standard for Audit & Supervisory Board Members.
- Person of excellent personality and considerable insight, possessing outstanding capability and achievements or abundant knowledge in the fields of legal affairs, financial affairs and accounting (including tax), business management, and other various fields
 - With respect to Internal Audit & Supervisory Board Members, person well-acquainted with actual conditions of the Company and possessing capability to conduct appropriate audits
- (ii) For the selection of candidates for positions of Audit & Supervisory Board Member, Directors prepare a proposal for election through consultation with Audit & Supervisory Board Members and obtain agreement of the Audit & Supervisory Board in advance. The Audit & Supervisory Board deliberates on the advisability of agreeing with the proposal for election of Audit & Supervisory Board Members to be submitted to the General Meetings of Shareholders by the Board of Directors.

(4) Role Expectations of External Directors

External Directors are expected to enhance the effectiveness of the Board of Directors and further promote sustainable growth and thereby increase corporate value over the medium to long term, through general advice on our management policy and important company-wide issues based on their diverse and abundant experience and deep insight. In addition, it is expected that the perspectives of our diverse stakeholders will be appropriately reflected in the decisions made by the Board of Directors from an objective standpoint independent from the execution of business, and that they will provide added value to important decisions made by the Board of Directors from a diverse perspective, and supervise the execution of operation.

(5) Role and appointment of External Audit & Supervisory Board Members

External Audit & Supervisory Board Members are appointed with the objective of further heightening the neutrality and independence of the auditing system, and it is particularly expected that External Audit & Supervisory Board Members objectively express their auditing opinions from the standpoint of neutrality, based on their independence. When selecting candidates for positions of External Audit & Supervisory Board Member, the Audit & Supervisory Board confirms that no issues with independence arise by taking into consideration not only the appointment standard provided for in (3) "Appointment of Audit & Supervisory Board Members" above, but also such factors as relations with the Company, the management and important staff.

(6) Criteria of independence

External Directors/External Audit & Supervisory Board Members of Mitsui (hereinafter referred to as "External Members") who do not fall under any of the following items are to be judged to have independence.

- (i) Person who is currently or was in the past 10 years an Executive Director, Executive Officer, Managing Officer, manager, employee, administrative officer, etc. (hereinafter referred to as "executing person") of Mitsui or Mitsui's consolidated subsidiaries
- (ii) Person or the executing person of a corporation holding either directly or indirectly 10% or more of the total number of the voting rights of Mitsui
- (iii) Person whose major business partner is Mitsui or Mitsui's consolidated subsidiaries^{*1} or the executing person of the same
 - *1 If the relevant business partner received from Mitsui or Mitsui's consolidated subsidiary the payment equivalent to 2% or more of its annual consolidated transaction volume in the most recent fiscal year or the relevant business partner obtained from Mitsui or Mitsui's consolidated subsidiary the money loans equivalent to 2% or more of its consolidated total assets in the most recent fiscal year, the relevant business partner is deemed to be the person whose major business partner is Mitsui or Mitsui's consolidated subsidiary.
- (iv) Major business partner of Mitsui or Mitsui's consolidated subsidiary^{*2} or the executing person of the same
 - *2 If Mitsui or Mitsui's consolidated subsidiary received from the relevant business partner the payment equivalent to 2% or more of Mitsui's annual consolidated transaction volume in the most recent fiscal year or the relevant business partner provided Mitsui or Mitsui's consolidated subsidiary with the money loans equivalent to 2% or more of Mitsui's consolidated total assets, the relevant business partner is deemed to be the major business partner of Mitsui or Mitsui's consolidated subsidiary.
- (v) Person who is in charge of auditing operations of Mitsui or Mitsui's consolidated subsidiary, as partners etc. of the auditing firm of the Independent Auditor of Mitsui or Mitsui's consolidated subsidiary
- (vi) Person providing professional services such as consultant, lawyer and certified public accountant who received from Mitsui monetary payment or other property benefits 10 million yen or more in total other than remuneration of Directors and Audit & Supervisory Board Members in the most recent fiscal year (if the one who received the relevant property is an organization such as corporation and association, it shall be referred to the person who belongs to an organization which received from Mitsui property benefits more than higher of either 10 million yen or 2% of the consolidated gross sales of such organization)
- (vii) Person or the executing person of a corporation who received the annual total of 10 million yen or more of donations or aid funds from Mitsui or Mitsui's consolidated subsidiary in the most recent fiscal year
- (viii) Person who has fallen under any of (ii) to (vii) above in the past three years

Opinion

Pursuant to the fourth paragraph of Article 444 of the Companies Act, we have audited the consolidated financial statements of Mitsui & Co., Ltd. and its subsidiaries (the "Group"), namely, the consolidated statement of financial position as of March 31, 2026, and the consolidated statement of income and consolidated statement of changes in equity for the fiscal year from April 1, 2025 to March 31, 2026, and the related notes.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of March 31, 2026, and its consolidated financial performance for the year then ended in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the provisions of the Code of Professional Ethics in Japan, including the ethical requirements that are relevant to audits of the financial statements of public interest entities, and we have fulfilled our other ethical responsibilities as auditors. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties relating to the design and operating effectiveness of the controls over the other information. The other information comprises the information included in the Business Report and the accompanying supplemental schedules.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Audit & Supervisory Board Members and the Audit & Supervisory Board for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under IFRS Accounting Standards as issued by the IASB, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under IFRS Accounting Standards as issued by the IASB.

Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties relating to the design and operating effectiveness of the controls over the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks. The procedures selected depend on the auditor's judgment. In addition, we obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain, when performing risk assessment procedures, an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

(TRANSLATION)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate whether the overall presentation and disclosures of the consolidated financial statements are in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under IFRS Accounting Standards as issued by the IASB, as well as the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with Audit & Supervisory Board members and the Audit & Supervisory Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Audit & Supervisory Board members and the Audit & Supervisory Board with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Group which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

Opinion

Pursuant to the first item, second paragraph of Article 436 of the Companies Act, we have audited the nonconsolidated financial statements of Mitsui & Co., Ltd. (the "Company"), namely, the nonconsolidated balance sheet as of March 31, 2026, and the nonconsolidated statement of income and nonconsolidated statement of changes in equity for the 107th fiscal year from April 1, 2025 to March 31, 2026, and the related notes and the accompanying supplemental schedules.

In our opinion, the accompanying nonconsolidated financial statements present fairly, in all material respects, the financial position of the Company as of March 31, 2026, and its financial performance for the year then ended in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Nonconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the provisions of the Code of Professional Ethics in Japan, including the ethical requirements that are relevant to audits of the financial statements of public interest entities, and we have fulfilled our other ethical responsibilities as auditors. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

In connection with our audit of the nonconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the nonconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Audit & Supervisory Board Members and the Audit & Supervisory Board for the Nonconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the nonconsolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of nonconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the nonconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties relating to the design and operating effectiveness of the controls over the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Nonconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the nonconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these nonconsolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the nonconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks. The procedures selected depend on the auditor's judgment. In addition, we obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain, when performing risk assessment procedures, an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast

significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the nonconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate whether the overall presentation and disclosures of the nonconsolidated financial statements are in accordance with accounting principles generally accepted in Japan, as well as the overall presentation, structure and content of the nonconsolidated financial statements, including the disclosures, and whether the nonconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Notes to the Readers of Independent Auditor's Report

This is an English translation of the independent auditor's report as required by the Companies Act of Japan for the conveniences of the reader. "The accompanying supplemental schedules" referred to in the "Opinion" section of this English translation are not included in the attached financial documents.

Audit & Supervisory Board's Audit Report

Having examined the Directors' performance of their duties during the 107th fiscal year from April 1, 2025 to March 31, 2026, we, the Audit & Supervisory Board, make this report as follows, based upon discussion on the basis of the auditors' reports submitted by the respective Audit & Supervisory Board Members:

1. METHODS AND SUBSTANCE OF AUDIT BY AUDIT & SUPERVISORY BOARD MEMBERS AND AUDIT & SUPERVISORY BOARD

The Audit & Supervisory Board decided upon auditing policies, allocation of work duties, etc., received a report on the auditing work performed and its results from each Audit & Supervisory Board Member, and received a report on their status of work executed from the Directors and the Independent Auditor and requested their explanations as necessary.

While conforming to the auditing standards as decided by the Audit & Supervisory Board, the auditing policies, the allocation of duties, etc., each Audit & Supervisory Board Member endeavored to facilitate mutual understanding with the Directors, Executive Committee Members, the internal auditing division, other employees and the Independent Auditor, to collect information and to improve the auditing environment, attended the meetings of the Board of Directors and other important meetings, received reports on their status of work executed from the Directors and the employees and requested their explanations as necessary, inspected material internal decision-making documents, etc., and investigated the status of operations and assets of the headquarters and major business sites. During the year ended March 31, 2026, the Audit & Supervisory Board Members also used the online conference system as necessary to communicate and exchange information regarding the execution of duties and received reports on the business and business conditions. In addition, regular reports were received and explanations given by directors and employees, and audits were conducted, including expressing opinions, covering the substance of decisions made by the Board of Directors with regard to necessary systems to ensure appropriate operations of the company group comprised of the company and its subsidiaries (pursuant to Article 362, Paragraph 4, Item (vi) of the Companies Act of Japan) described in the Business Report and of the status of construction and operation of the systems actually developed on the basis of those decisions (the internal control systems). With respect to subsidiaries, we designated some of the affiliated companies both in Japan and overseas as "Affiliated Companies to be Monitored Designated by the Audit & Supervisory Board", and make visits to these designated affiliated companies or have meetings via online conference system as necessary with the management of these designated affiliated companies, and endeavored to facilitate mutual understanding and exchanging of information with their directors, audit & supervisory board members, etc., and collected reports on their business as necessary. Based on the above methods, the business report and its supplementary schedules for the relevant fiscal year were examined. In addition, we examined whether the independence of the Independent Auditor was maintained and whether appropriate audit was being undertaken, received reports from the Independent Auditor on the status of operations, and requested explanations as necessary. We also received reports from the Independent Auditor that "Necessary systems to ensure appropriate execution of operations" (pursuant to Article 131 of the Corporate Accounting Regulations of Japan) was duly developed in line with "Quality control standards for auditing" (issued by the Japan Corporate Accounting Council), and requested explanations as necessary. Based on the above methods, we examined the financial statements for the relevant fiscal year (the balance sheets, the statements of income, the statement of changes in equity and the notes to non-consolidated financial statements) and their supplementary schedules and then the consolidated financial statements for the relevant fiscal year (the consolidated statements of financial position, the consolidated statement of income, consolidated statements of

changes in equity and the notes to consolidated financial statements).

Regarding internal control of financial reporting, the Directors and Deloitte Touche Tohmatsu LLC provided us with reports assessing the internal control procedures and audit status, as well as explanations where necessary.

2. RESULTS OF AUDIT

(1) Results of examination of the business report, etc.

- a) In our opinion, the business report and its supplementary schedules are in conformity with the applicable laws and regulations of Japan and the Articles of Incorporation of the Company and fairly present the state of the Company's affairs;
- b) We have found no material fact constituting misconduct or a violation of any applicable laws and regulations of Japan or the Articles of Incorporation in connection with the Directors' performance of their duties; and
- c) In our opinion, the substance of the decisions made by the Board of Directors with regard to the internal control systems is appropriate. Furthermore, we find no matters that require noting with regard to the description in the Business Report and the Directors' performance of their duties in connection with the relevant internal control systems.

(2) Results of examination of the financial statements and their supplementary schedules

In our opinion, the auditing methods used and the conclusions reached by the Independent Auditor, Deloitte Touche Tohmatsu LLC, are appropriate.

(3) Results of examination of the consolidated financial statements

In our opinion, the auditing methods used and the conclusions reached by the Independent Auditor, Deloitte Touche Tohmatsu LLC, are appropriate.
